Manny-
We had lots of fun in chemistry didn't we? Aside from the perverted Alaveson and his bad breath. I think you were stoned every day but that's okay. you were still intellectual. I didn't even really mind your dirty jokes and comments. I hope next year is great for you and your summer is full of days of beer and beaches and buds.
See you soon!
Love,
Kaer Moon

Manny-
You went on me? You scum. We miss you around here. You've been a great bud. I hope that we can always be friends.

Manny,

Dude, I'll miss you on account you missed. Thanks for ASB! (Yeah).

Rob broke his leg. Caused affected activities couldn't go to Bay. Oh, well.

I was glad you came to ROR. You were a cool guy. Good luck in life.

Vernold

Manny,

I'm really glad we got to know each other. Remember that night when you, Krista, Shane, and me slept at my house. That was so fun. Lets party this Summer. Be sure to give me a call. 949-4056

Love ya,

"It's green."
"It leads to a breakdown of society."
"It has led to anarchy."
"I like to diverse into water."
"Diversification at Los Altos High is indicative of future society."

Though Los Altos High School students had a hard time coming up with a definition for diversity, they exemplified it through their various pursuits around the school all year.

The punks, quaddies, members of the smokers' corner, jocks, brains, trendies, and Madonna wannabees — many groups with differing philosophies gathered in one place. Students succeeded in making their differing opinions and interests known. Some fought, while others coexisted, and still others were apparently oblivious to the rest.

The Republican Club made war on anarchists, mods and punks; and the smokers' corner community continued their vendetta against the quaddies. A myriad of clubs met at the school to pursue the many interests of the student body.

Yet, in spite of all the strife and struggle — a result of the value placed on individualism — the students of Los Altos High still presented a solid front when it came to school pride.

Mark Genter and the rest of the marching band add pep to the fall sports rally.

Manny- Well I cant believe this year is over!! I am so glad that we are still Friends! you are a real special person! It was real sad when you left us all and I am so glad that you are back! We have got to Party together sometime this summer! I will be in fun summer school!! Well ~~the~~ you are going to be a big senior yeah!

PARTY!!

Dedication. Greatness. Without the first, the second cannot exist. At Los Altos High School, one did not have to look hard this year for examples of dedication leading to greatness.

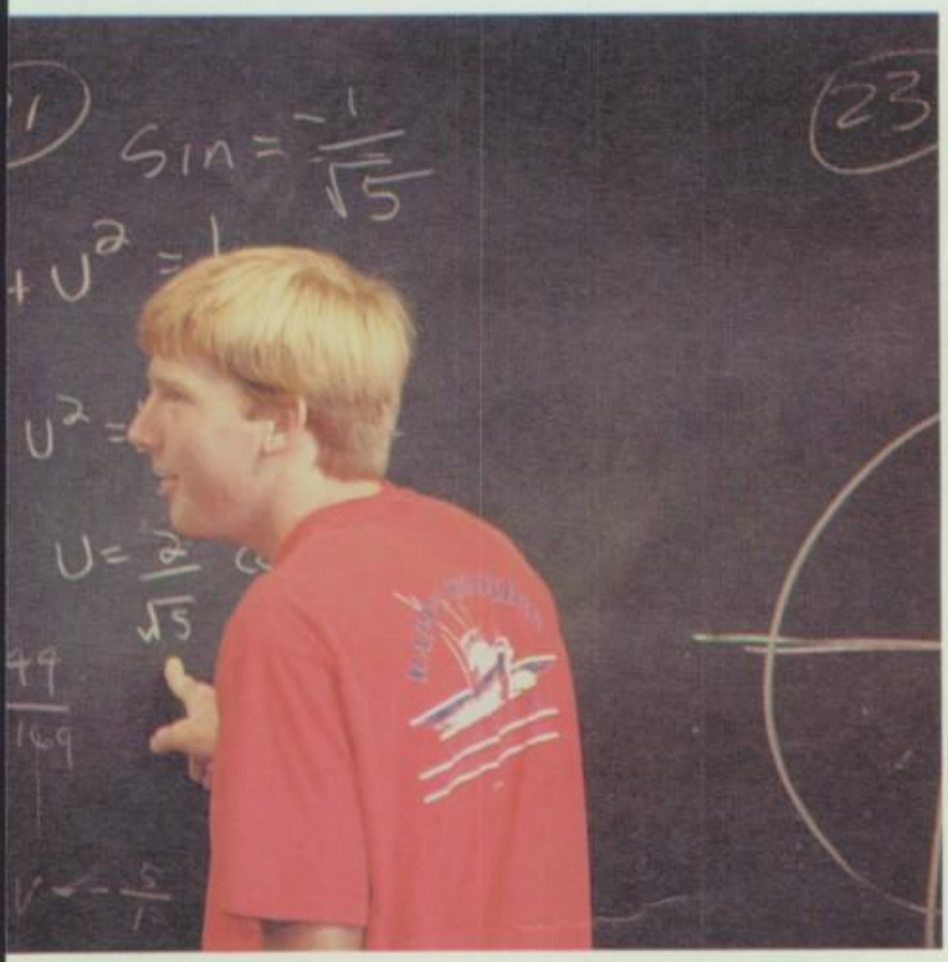
In the classroom and out on the playing field, people are working hard to achieve their goals. Many students study diligently and are rewarded for their dedication when they receive their report cards or S.A.T. scores. On many a school day, teachers work overtime to help a student who has a problem,

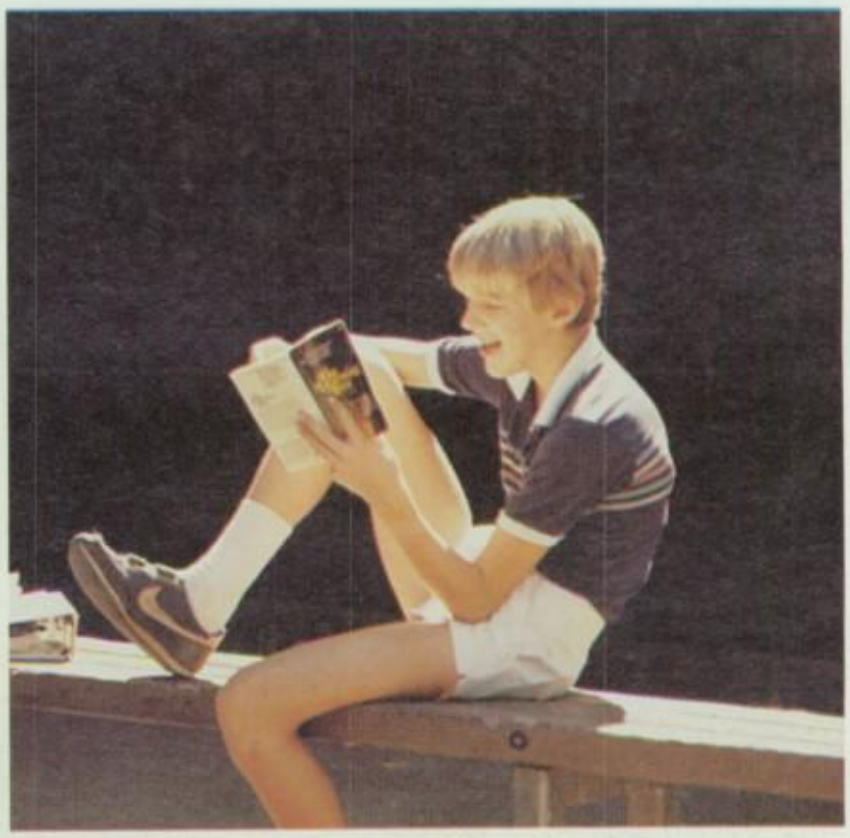
Clockwise from top left: Mr. Chadda's earsplitting signal sends swimmers diving off the blocks. Allison Harapat studies diligently. Brad Klaus teaches trip to Jim. Eric McFall kicks back. Nine Wiessmuller exercises her mind instead of her body. Michelle Daley proves that a smile is worth a thousand cheers. Girls' swimming cheers itself to victory.

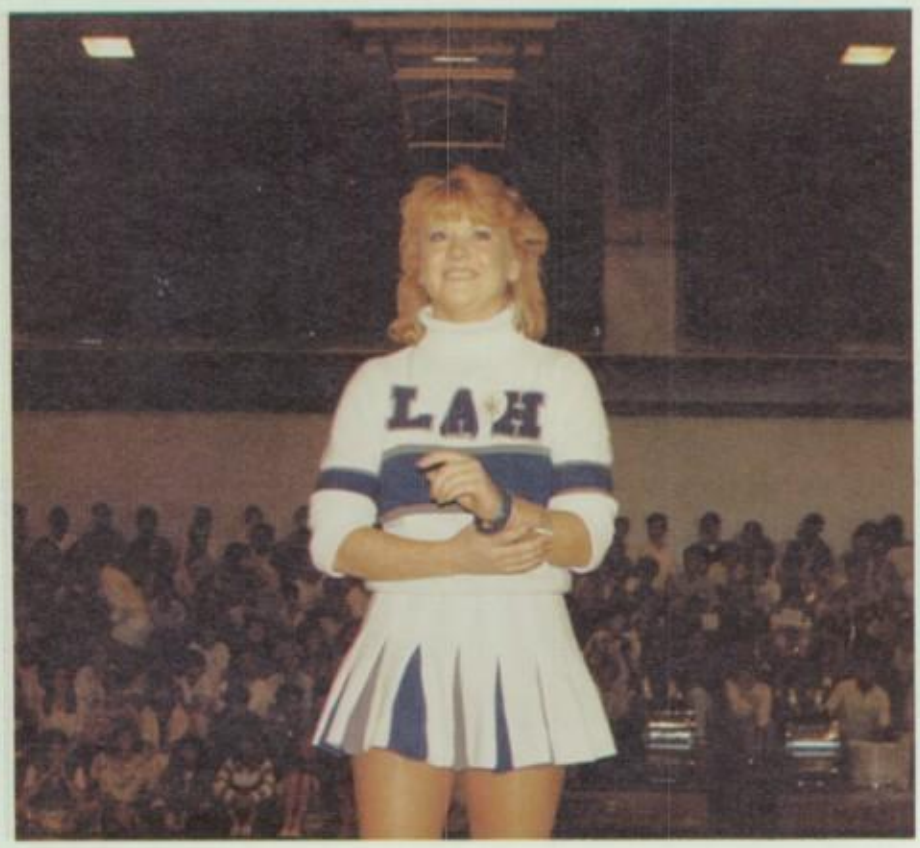
while the administrators work hard to chart the course that the whole school will take.

Every morning on the football field, rain or shine, the band members practice for their next competition. And after school, many athletes train to jump farther, to swim faster, or to put the ball into the goal with more ease.

All of this dedication bears fruit: this year, we had eight national merit scholars, the band did well in competitions, and our sports teams excelled against formidable opponents. The reason our school is great is so simple, yet so difficult: Dedication — it's hard work, but it pays off in the end.







Relationships Make The Difference . . .

. . . relationships bridge the gap . . .

Picture yourself as a freshman once again: backpack over both shoulders, lunchbox in hand, ready to face the terrors of the main hall. You straggle to your next class hoping that there you may find someone who shares your fears . . .

We have all experienced this situation at sometime during our high school years. Whether we were incoming freshmen or new students it was hard to make the transition from the security of old friends to the insecurity of new surroundings. After a while, though, we soon began to find friendships to bridge the gap between loneliness and acceptance.

As time passed, our friendships grew and our memories multiplied. We developed a routine: the early morning doughnut runs, the habitual lunchtime exodus to our favorite spots, the Friday dances, and the Saturday night parties. But friends were not just an escape, for when we returned to Monday morning reality they were still there to reassure us, to bolster our spirits, and to help us through our midweek crisis. Both in good times and bad, our friends were the constant that gave order and depth to our lives.

Friendship proved to be the most important aspect of high school. When we look back on our four years at Los Altos, it won't be that "C" grade in Trig or that important broken date that will stand out in our minds. Instead, the friends who have helped us through these times will be the images we carry far beyond the confines of Los Altos High.

Pictures clockwise from above: Seniors Tarah Smith and Pam Sun cheer the Eagles on to victory. Chris Barrett and Rob Boyd confirm their strategy. Courtney Walker and Tori Allen find a spot in the sun. Debbie Heffley and Heidi Reed strike a pose. Brandon Arnovick and Ann Eldredge skating off into the depths of the 300 wing. THE YEAR

Student body activities, plays, and clubs were among the many pastimes which contributed to an enjoyable year at Los Altos.

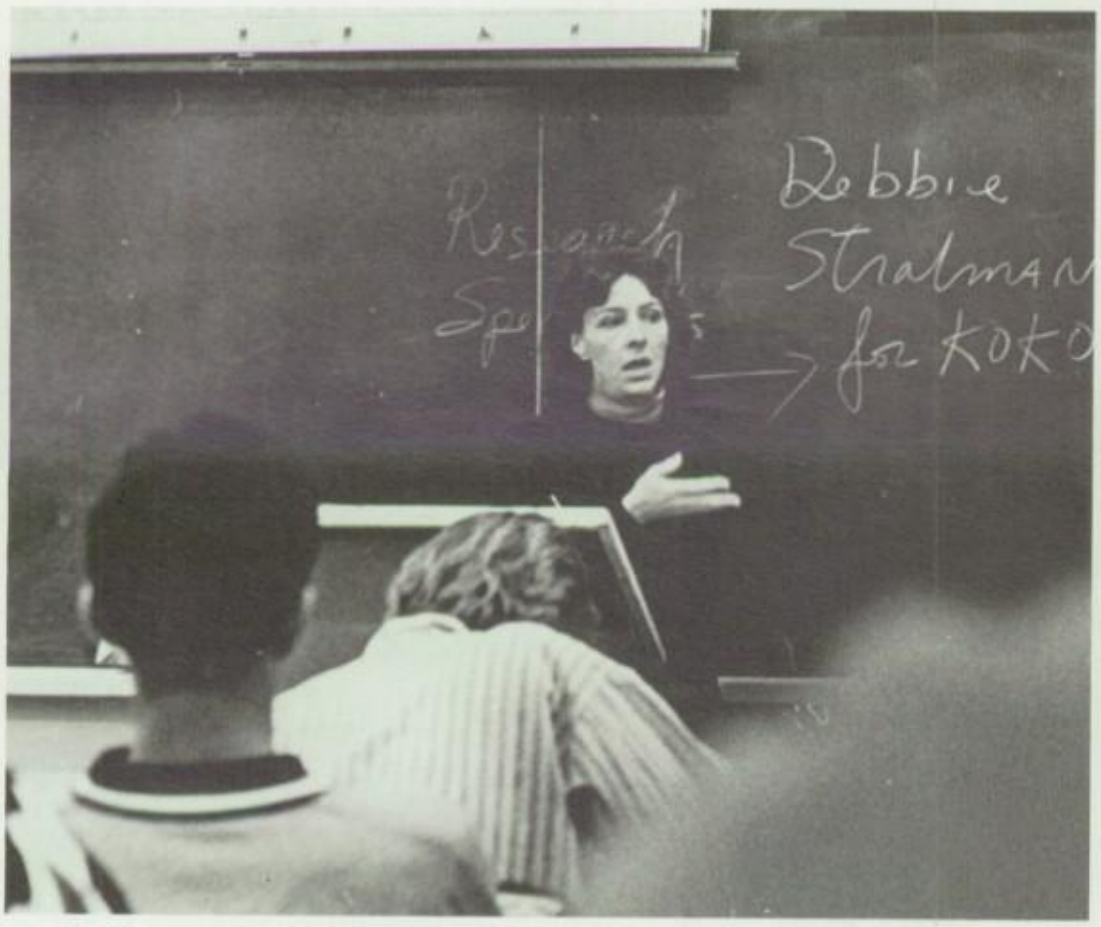
Activities Enliven Monotonous Academic Life



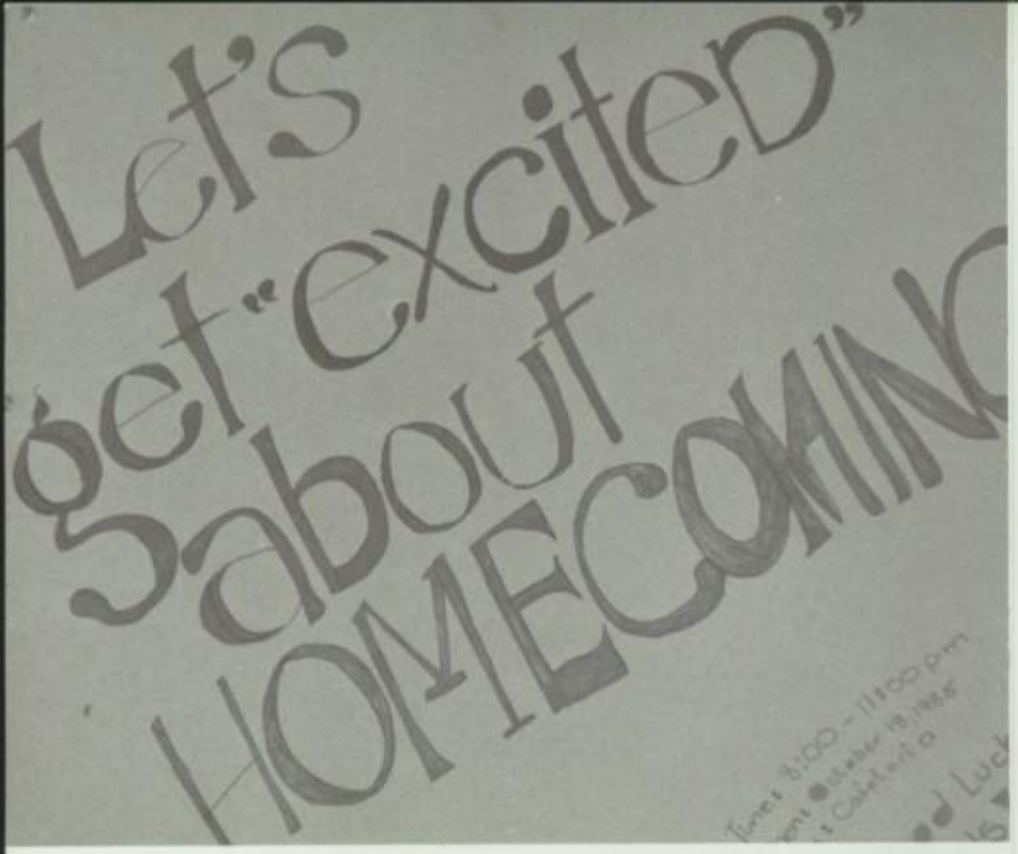
Clockwise from left: Los Altos Police lead off Homecoming parade 1985. Mr. Gaffney once again leads the drive to help needy families at Christmas time. Debbie Stratmann delivers a speech on her research project, Koko the gorilla, to a Los Altos class.

"...making the year fun
and creating a sociable atmosphere."

Life as a Los Altos High School student would be boring without the enlivening activities that take place throughout the year; activities make the year fun and create a sociable atmosphere. The year began with Freshman Orientation. Enthusiastic yet naive freshmen came to school one day early in order to prepare themselves for life as freshmen. Spirit Week came during the middle of the fall sports season, lending both encouragement to the teams and a different flavor to the school. The annual Homecoming Dance added excitement about the school, while the Winter Ball, sponsored by the Junior class, capped off the social season of winter.

The bi-school Student Exchange, the Christmas Exchange, and the Holiday Faire all helped to enliven the atmosphere in December. In the Bi-school Exchange, Los Altos students hosted Mountain View High School students for a change of pace, and Mountain View students hosted during the next week. The Christmas Exchange provided both a collection of money and goods for needy families and a spirit of competition among classes. To celebrate Christmas, the annual Holiday Faire featured computer-calculated biorhythms and a variety of culinary delights. During the spring, the Sadie Hawkins Dance took place, marking the last of the formal dances for underclassmen.

The Seniors held the spotlight from here on out. The Senior Concert, always a hit, lived up to its reputation, while the Senior Picnic provided for a fun day of antics and social discourse. The Senior Prom capped the year off with a high note. Graduation was only one step away the year on the verge of ending.



In comparison to the errant drivers and the miserable weather that have plagued previous Homecoming days, Homecoming 1985 was "glitchless."

The day began with the traditional littering of the Quad with boxer shorts — one for each member of the football team. With the Senior Breakfast and the super-shortened assembly schedule, most students viewed this day as a sort of holiday. Woe to the teacher who wanted any work done.

Except for the notorious junior float which smoked and rapidly disintegrated along the parade route, the parade was an unqualified success. The seniors kept an iron grasp on first place in the float competition with their entry, "We'll Box Wilcox." The football team won in grand style, beating SCVAL rival Wilcox 22-12. Yet the main event of the day was the coronation of the king and queen at half-time. Former "man of the month" Dee Price became the man of the hour, while Lisa Kanetake, band member extraordinaire, was coronated queen with the traditional crown of flowers.

As the shadows of twilight crossed the field, the band gave a flawless and moving performance. Homecoming Day was finally capped by the big event — the Homecoming dance — of which nothing need be said.

Marching Band Takes Four Trophies

What do you get when you organize ninety musically talented high school students and one extra-special drum major into intricate formations on a football field, add a tall flag and a rifle unit for visual effect, and stun the audience with an exciting presentation of great music? The Los Altos High School Eagle Marching Band!

Marching band had the marked distinction of sporting new military uniforms this year. These fancily costumed musicians along with their first year rifle team commanded unusual respect from the audiences at many parades, football games, and band competitions. At each of these events, the band presented their varied repertoire of new music: "Mama Caliente," "Rendezvous in Urbana," "Selections from Glenn Miller," "Casal's Suite," "Liberty Bell," and "Sleigh Ride."

From the viewpoint of the band, band competitions were by far, the most exciting events. The band members found excitement not only in attending these multi-band extravaganzas, but in winning trophies as well. At three band competitions, the band took home a total of four trophies: second place in the rifle category at Los Angeles; third place in field competition at Pleasanton; and second place in rifles and third place in field competition at Pacific Grove.

Drum major Peter Blackie proudly announced, "This is great! We haven't won a trophy here [Pleasanton] for five years!" Congratulations goes to Peter for a superb job leading the band.

For most members, marching band offered more than just a chance to meet new friends; band helped many students master a musical instrument. For others, band provided some great fun, but for everyone, band taught them lessons in teamwork and self-discipline.

The 1985-1986 Los Altos Rally Squad is the embodiment of the word "spirit." The pom-pom girls, cheerleaders, lettergirls, and tumblers attend all of the major athletic events at Los Altos, leading the crowd in a variety of cheers. These energetic yells not only inspire the crowd, but also support the team. As one senior quotes, "Rally gets the whole crowd enthused about the game — they contribute a lot to the whole atmosphere."

"Harvey" Explores Sanity

Harvey,

In light of yesterday's events, I think it would be best if we saw less of each other. I don't think people are ready to believe that I have a six foot white rabbit as my constant companion. Yesterday, my sister Veta took me to see two "psychologists"-Doctors Chumley and Sanderson, and she asked them to treat me for *madness!* Naturally, I became worried about her and, assuring them I was all right, I asked if they could examine her. They agreed and I left, but soon their assistant, Mr. Wilson, came and demanded that *I* return for therapy. Veta, it seems, had convinced Dr. Chumley again that *I* needed help, not *she*. By then, Dr. Chumley was beginning to doubt his own sanity! At any rate, it all worked out, but, to tell you the truth, I am no longer sure you exist at all, Harvey!

"The more I learn,
the more I learn how much I
have left to learn."

Academics take up a major portion of a student's day at Los Altos in the classroom. However, many students went on to partake in academic events outside the classroom. National Merit Semifinalists earned their distinction by scoring in the top one half percent on the Preliminary SAT. While students who score well are commended, National Merit Semifinalists are an elite few—eight at Los Altos this year.

The Academic Decathlon Team outdid itself this year. Moving up twenty-three positions, the team finished seventh out of thirty-three participating high schools. There are ten events, ranging from economics to literature, in the competition. Hubert Dubrulle placed first in the social science area while John Chen finished third in the fine arts field. Ed Ho received the award for best overall participant as an alternate, while Los Altos, sparked by Adam Ettrick's good finish, placed ond in the super quiz. Congratulations on a fine effort!

Equally as devoted but with a less intense attitude, trivia enthusiasts again searched for answers to irrelevant questions in the Millard Fillmore Scavenger Hunt. Students began the competition on a Friday afternoon with thirty questions posed to them. They proceeded to call distant relatives, look through books long forgotten, and rack their own brains for the answers. All these students have proven their academic aptitude and interest.

Four outstanding vocal music groups graced Los Altos High School this year. Chorale, the largest, grew over fifty percent to eighty-five members. Open to all students except freshman girls, who are placed in the Girls Ensemble, Chorale performed in concerts and in vocal music festivals throughout the year. In addition, the group enjoyed a featured role in the Los Altos Arts Week.

Girls Ensemble, composed of freshman girls, was also strong this year. A training ground for the more advanced Girls 21, the group performed in Christmas and Spring concerts and in several community performances.

Girls 21 is an advanced audition-only group of twenty-one women's voices who perform a variety of musical literature. Accompanied by three dancers — Lisa Magarian, Mellisa Gafney, and April Avey — Girls 21 made its debut in San Francisco with a special performance of Benjamen Britten's Ceremony of Carols.

The Main Street Singers are the most advanced choral group at Los Altos. Comprised almost solely of juniors and seniors, the group represents the culmination of years of hard work for many student vocalists. As director Mark Shaull emphasizes, Main Street members "must have a high committment to music" to perform with the group. At the same time, though, performing in the group is exciting as well as challenging; in December alone, Main Street gave over forty concerts. After participating in the San Jose State Festival and the Foothill Choral Festival, among others, Main Street left on an extensive tour of England, Scotland, and Wales that included performances at many cathedrals as well as in Cambridge, Oxford, and York. Following this success, plans are already underway for next year's tour of both China and Hawaii.

With an ever-increasing army of participants, Los Altos supports a tradition of very strong vocal music. After such a successful year, the vocal music department is faced with one problem — how can it be any better? We will find out next fall.

Symphonic Band, with 48 members, led the variety of groups which comprised the excellent musical curriculum in 1986 at Los Altos High School. The most talented group of musicians at the school, Symphonic Band, developed its repertoire of both contemporary and classical works through hard work and dedication. Some highlights of the year included three concerts and a band competition in May.

Concert Band, composed of 33 freshmen and sophomores, was a training ground for years to come. This group improved tremendously through the course of the year, and many of its members will undoubtedly move onward and upward in future years.

Jazz Band came back with a bang after a two year absence from LAHS. Sixteen students lent their diverse musical talents to this group. According to musical mentor Kristi Kienburger, the Jazz Band is "a growing group and a group to keep your eye on."

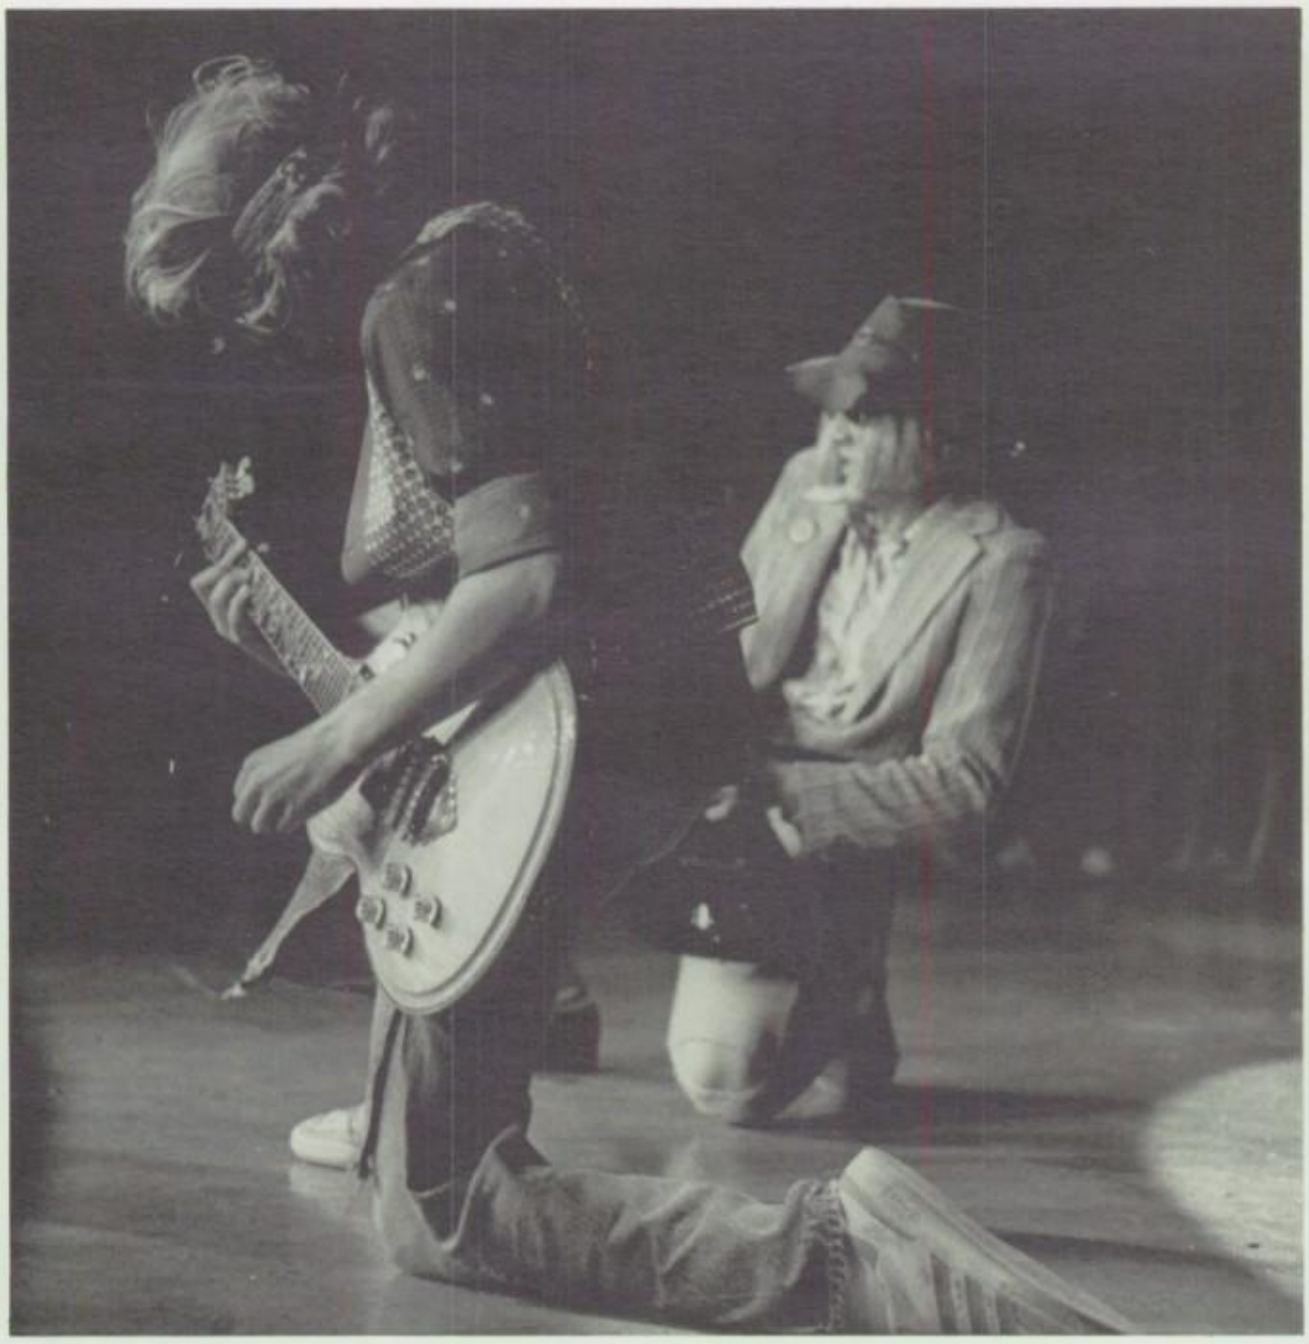
Senior Concert Rocks Los Altos

The 1986 Senior Concert will go down in infamy as the only one in Los Altos history to end prematurely. Due to the rowdy and uncompromising behavior of certain elements of the senior class, the administration pulled the plug on the music as well as the microphone.

Before this ignominious event, however, the audience was treated to some fine performances. Geordie Lynch, Martin Skov, Todd Arnett, and Lance Trumbull led off with "The King" and an encore version of a Led Zepplin tune. Besides this and another live act, the rest of the show was mimicked. The Who propelled the crowd to its feet with "Won't Get Fooled Again," while the Bellstars pleased the audience with their fast-paced act. The legendary "Purple Haze," by Jimi Hendrix, was barely audible above the singing of the masses. Madness' excellent choreography brought the assemblage to a frenzied state.

As a result, Mr. Kattenhorn interrupted the proceedings in the first of a series of repeat performances. He admonished the underclassmen who had invaded the ranks of the performers near the stage. The warnings did not however, subdue the enthusiasm of the audience towards Van Halen's "Ice Cream Man." Moments later, the infamous Black Flag gave the most disgraceful performance of the evening. Smashing guitars, TV's, and twinkies, it was an instant hit with the crowd, but obviously not with the administration. Mr. Kattenhorn again cut short the proceedings as members of the group shouted obscenities and other insults to whomever would listen.

This unequaled ignominy was followed by several tamer acts. The musical portion of the show was concluded by Donny Wayne and the Disco Train, who gave a hilarious rendition of the music and attitudes of that era. As if the senior class had not humiliated itself enough already, several senior girls terminated the concert, or more precisely were terminated, as Mr. Kattenhorn made his final guest appearance. Only through this action were the girls prevented from making their tactless representation of various boys on campus. Thus ended one of the most disgraceful senior concerts ever. It can only be hoped that repercussions of this pleasant little affair will not be felt in future senior activities, or in the years to come.



Clockwise from top middle: Matthew Palmyra and Dave Gallitero toot to the tunes of Cheech and Chong. Steve Mason: the Disco Revivalist. Playing the sax ruffles Jeff Dunmire's feathers. Hubert Dubrulle and Chris Cummings preview their new image at Senior Concert. Madness marches to "Our House."

Semester 2 Starts With A Bang

Participating in the California Mock Trial competition for only the second time in LA history, the team foiled diligently into all hours of the night. Advisor Mr. Dienger and downtown lawyer B. J. Fadem helped this year's cast. The prescribed case, *People* v. *Dennis,* involved a high school senior charged with school vandalism and computer crime. The defense team, who insisted the student was innocent and framed by other students, included Phil Chou, Tracey Cullinan, Molli Rudnick, Shelly Walker, Dave Ratner, Steve Shapiro, Susy Owens, and John Chen. On the other hand, those who said she was guilty — the prosecution — were Joost Bonsen, Alice Wu, Raphael Goodman, Jenny Corrigan, Roy Maydan, Caryn Platt, Ed Ho, and Bryce Chackerian. All enjoyed play-acting their roles and, though they did not make it to the state finals, they still had an exciting time.

At 7 p.m., February 25 the First Annual Piano Competition was created in celebration of a newly acquired Yamaha grand piano. Out of the 17 students who participated, 1 was a senior, two were juniors, and the rest were underclassmen. Each musician memorized and played two pieces by a variety of composers. Congratulations to all performers and special appreciation is extended to Barret Troll, Kari Lindauer, and Van-Anh Nguyen — First place winners in the advanced, intermediate, and beginner categories, respectively. We expect the great sounds from the music department will continue in the future.

On February 27, in celebration of Tet, the Vietnamese Club presented a New Year's program made up of traditional events associated with this great festival. A few highlights of the evening included the dragon dance, a fascinating fan dance, and a martial arts demonistration by Phong Du, Cung Nguyen, Lan Tran, and Hanh Vo. This evening of song and dance offered the opportunity for Vietnamese students to share some of their culture with the Los Altos High School Community.

Bart Lynch, Hakan Birging, and Geoff Stanfield are the talented components of "Common Sense," a band which entertained Los Altos High School for a day at lunch. Why did they take the time to set up and play? For publicity, of course — but most of all for fun. Their enthusiasm radiated to all corners of the quad, where listeners enjoyed a relaxing break from the normal business of the school day.

The Los Altos Eagle Marching Band conjured up a delectable dinner along with a successful fundraiser in the 1st annual Spaghetti Dinner. They could not have raised the $1650 without the supervision of Assistant Drum Major, Simon Smith, who headed the Hawaiian decorations. The diners were entertained by the Graham Junior High School jazz band, the Crittenden Junior High School jazz band, and our own Los Altos High School jazz band. Among the other performers were the Main Street Singers, the band "Common Sense," and an all-star band including many eighth grade musicians. The band hoped to spark interest for next year by soliciting participation from the feeder schools.

Clockwise from upper left: The defense team plans their strategy for the mock trial. Shelly Walker gives her testimony. "Common Sense" plays at lunch. Kari Lindauer plays with elegance. Vietnamese dancers execute fan dance with grace. TET was celebrated with the traditional dragon dance. Peter Blackie and Simon Smith prepare their special recipe.

ASB And Senate Lay Down The Law

Is there ever anything done in this school without the support of the Associated Student Body (ASB)? It would be hard to find some activity where ASB had no influence. The success of the school activities this year is due to the strength of the Body.

The ASB was in charge of many activities throughout the school year, including Homecoming. The group financed most school activities. Those ASB cards that you bought at the beginning of the year were for the purpose of supporting these activities.

Without ASB, school activities would not exist; no one else could organize the school activities. Under the guidance of Mr. Kattenhorn, the Associated Student Body had a very successful year. As a result, the school year activities were successful.

(Not Pictured: Kristin Dornig, Alternate School Board Representative.) Right: A.S.B. members Kay Schultz, Kristin Maestas, Erik Espe, Bob Hall, and Tarah Smith need food for thought.

Usually, when one thinks of the Student Senate, one thinks of a group that does nothing but boost their transcripts. This year, however, that was not the case. Under the guidance of ASB representatives Tarah Smith and Erik Espe and president Stu Elefant, the Senate was a guiding force in school activities this year. In November, the Senate sponsored a video dance which was a great success. In December, the group sponsored the first ever Holiday Flea Market at Los Altos.

The Senate, consisting of approximately thirty active members, met every Wednesday at lunch. A person could become a senator by either being elected to represent an English class or by collecting thirty signatures on a petition. At the beginning of the year, the Senate held elections for its officers for the first semester. These officers were: Stu Elefant, president; Ken Elefant, vice president; Michelle Bertram, secretary; Joost Bonsen, treasurer; and Debbie Heffley, publicity.

All in all, the Senate did an effective job of representing the school this year. All the senators should be commended for a job well done.

Class Councils Set Standard For Excellence

The freshman, sophomore and junior class councils all toiled this year for the benefit of their respective constituents. They raised money for their future senior activities by sponsoring their own activities and also took part in the Homecoming parade.

The freshman council represented its class in a fine manner for the start of their high school careers. The council, elected at the beginning of the year, did well despite the obvious shortcomings of its late start.

The sophomore council sponsored activities to help raise needed funds. Showing deep concern for the success of their class, the sophomores were rewarded with a fine year.

With senior year just one summer away, the junior class got to work. They held bake sales to raise the money for next year and sponsored the annual Winter Ball in December. Despite a disappointing Homecoming float entry, the junior class council still managed to whip up class pride and finish the year in style.

So for all three underclass councils, the year was a prosperous and activity-filled one. Let's hope that next year's councils perpetuate the standard of excellence set this year.

While Senior Council, Cabinet Work For Now

This year's Senior Council and Senior Cabinet both worked hard to make the Class of 1986's last year memorable. The Senior Council — Monica Rosser, Tim McDermott, Mark Whelan, Julieanne Kost, and Jim Nam, who were elected to office late in their junior year, began their duties by organizing the senior float at homecoming and planning the Senior breakfast for that day. Later in the year, the Council organized the Senior Concert. The Council's final responsibilities were organizing many of the graduation activities: the senior picnic, the senior dessert, and, most important of all, the prom.

Senior Cabinet is a non-elected, quasi-official group of seniors who volunteer to carry out the activities planned by the Senior Council. Probably the most significant contribution made by the 25-or-so members of the Senior Cabinet was their work on the Senior Concert.

Interact Works For The Present . . .

Led by advisor Frank Bonzell, the *Interact Club* flourished this year at LAHS. Officers Cybele Pelcher, Jeff Chang, Rhea Gossett, Troy Tossy, and Molli Rudnick worked hard to make the growing service club a success. The group fulfilled their "Service Above Self" motto in many ways, such as donating to the Mexican earthquake relief fund and sponsoring a little boy in India, in addition to participating in the Pennies for People program, which they worked on with Gunn. Locally, Interact sold Pom-poms at Stanford football games for the Kidney Foundation, and with the support of the Rotary Club, they raised money at the Rotarian Art Festival. The Interact Club increased in size tremendously and their enthusiasm provided for a very successful year. With the large number of freshmen in Interact, the club will undoubtedly be a great help to the community for years to come. As one of the largest clubs at LAHS, the Interact club's enthusiasm and energy ensured a productive and satisfying year.

Junior State Works For The Future

Junior State, one of the largest clubs on campus, continued to make its presence felt at Los Altos this year. This year's chapter, led by co-presidents Jeff Chang and Judith Chang, worked hard to encourage students to get more involved with politics and current events through debating. A number of students attended the Fall and Spring overnight conventions, where they not only gained a better knowledge of the art of debate, but also a better understanding of some of the important issues of our time. These two conventions, which were held in San Francisco and Sacramento, were the main events which most of the chapter's time and energy were centered around. The Los Altos chapter fared well at both of these conventions: Erik Espe won a best debator award for his argument on Vietnam during the Fall convention, while many others participated in debates through subsequent speeches and thought talks (informal discussions centered around specific topics). Galen Rosenberg, this year's Junior State chapter advisor, not only attended the debates but also encouraged students to improve their speaking skills through involving themselves in chapter thought talks, mini-debates, and bi-school debates. Overall, this was a year of involvement and development for Junior State. The co-presidents, however, hoped that next year this predominantly junior club will become a more diversified representation of our school.

Working Toward The Prosperity Of Our Nation. . .

With advisor Mr. Dienger helping the young conservatives along the political path, the *Republican Club* had an impressive year. With such events planned as debates, informal discussions, and volunteer work for the Republican party, the meetings and activities were hard work yet exciting at the same time. As chairperson Erik Espe said, "We are a group of young, bright, intelligent, James Bond types of conservatives who really want to make a difference." That difference was definitely felt all over the Los Altos campus. As a gift to the school, the club donated a new flag to replace the old, ripped one in the quad. Other officers in the club were co vice-chairpeople Chris Cummings and Tarah Smith, and secretary Ross Blair. But even the people who were not officers enjoyed the club this year: member Mark Hunton summed it up with, "What other party is there besides the Republican party?"

Determined to give Los Altos the other side of the political picture, the *Democratic Club* surged forward at full speed this year. Led by officers Duncan Martell, Carol Kenny, Alice Wu, and Liz Cochran, the infant club put forth huge amounts of energy to further the Democratic cause. As co-advisor Mrs. Youatt said, "We want to foster student interest in partisan political issues and to support Democratic candidates." The other co-advisor, Mr. Bailey, added a little humor to the club's atmosphere with such comments as, "Smile and say deficit!" The club meetings were not all fun and games, however: the advisors planned both guest speakers to come for discussion purposes and also door to door campaigning on the behalf of democratic candidates. On the whole, the first year for this club was a successful one: one active Democrat responded, "I hope the students put as much fervor into this club next year as we did this year."

The *American Field Service* (AFS) club worked hard this year to "promote a better understanding between people of different nations and cultures." Besides raising funds for the local exchange students, the club sponsored many activities that brought together students from all over the world, including an exchange weekend and a Christmas party. Three lucky members spent the 1985-86 school year abroad: Heidi Steinmetz spent the year in Italy, Erin Bakey lived in the Dominican Republic, and Craig Hunter visited Germany. The other members were not totally excluded from participation in the club, however, for there were also summer and week-long programs. Catering to all students infected with wanderlust, AFS will undoubtedly continue to be one of the most active clubs at LAHS for years to come.

TALON Claws Its Way To The Top

This year, a brand new newspaper was born at Los Altos. Under the direction of advisor Galen Rosenberg and first semester editor-in-chief Dave Staver, *The Talon*, formerly known as the LA Times, firmly entrenched itself as an outstanding school institution.

At the beginning of the year, the staff established goals they wished to maintain throughout the year. As a result, the paper got a new name, a new format, and a new typestyle to make it more appealing to student readers. The staff wanted to make the paper a forum for student interest. As Editor Staver stated in the first edition: "We aim to produce a quality newspaper which will both inform and delight our student body, and our local community."

Mr. Rosenberg had his own goals for the paper. He wanted the students to learn the essentials of good journalism and to have the opportunity to put out a newspaper of high quality. He also hoped for improvement from issue to issue, year to year.

Those wishes were realized. The paper has improved with each issue and will undoubtedly be even better next year.

Clubs Hit The Courts

With an active membership of over 30 students, the *Tennis Club* had a very successful first year at Los Altos High School. An outgrowth of the CCS-placing LAHS Tennis Team, the club enabled the inexperienced player to play at a competitive level. A winter tournament, a spring tournament, and many "tennis gatherings" were held under the auspices of the club. With the continued enthusiasm of the student body, the Tennis Club definitely has a bright future at Los Altos.

Recently formed, the *Los Altos Volleyball Club* provided players with the opportunity for year-round play. Under the expert coaching of Harold Yada, the team was able to master the fundamentals and develop an advanced game of volleyball. It is expected that experience gained during the club season will carry through to the team next fall, allowing it to be highly competitive in its games next year.

Once again, the *Football Club* did its part in popularizing football throughout the school. The club held fundraisers and operated the Coke machine in the boy's locker room. With the money thus raised, the club members bought equipment and paid for the football team's pre-game meals.

Meanwhile, the *Block LA club,* open to any male athlete who receives a letter in any sport, was "basically not functional" this year, in the words of one officer. Hopefully the club, which works for "improvement in all boy's sports," will be more active in future years.

The *Girls Athletic League* (GAL) had another successful and busy year. The club's first priority was to support girl's athletics, and with the help of advisor Linda Johnson, the group sponsored three sports award banquets and financially spported the athletic teams. Some of the club's major contributions were the purchase of video equipment, a ball machine for tennis, a lawn mower, and work on an all-girls' weight room. The club also sponsored the annual Sadie Hawkins Dance.

Flyfishing Club Reels In New Members

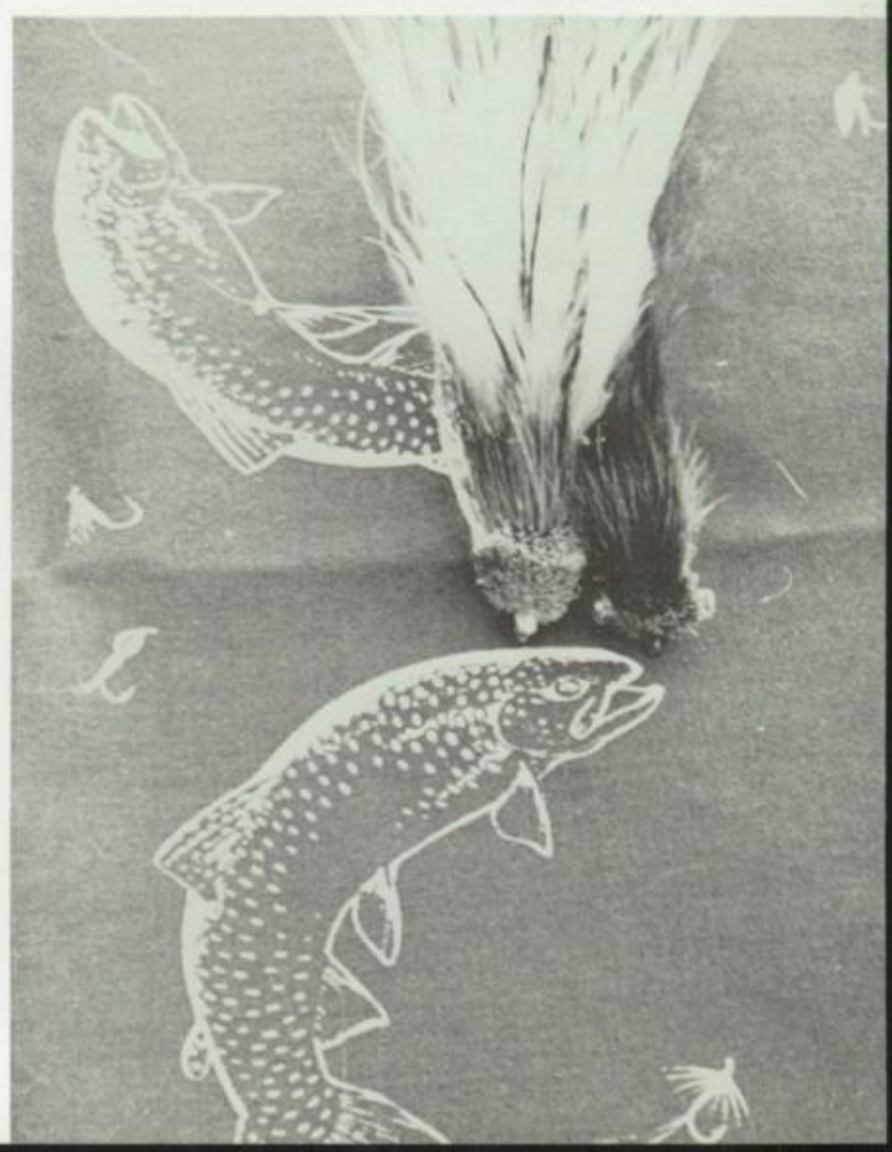
One of the many new and different clubs that were created this year was the *Flyfishing* Club. Rather than being led by a teacher at Los Altos, the club's advisor was Chuck Stranaham, manager of the downtown Los Altos Midge Fly Shop. With a "no experience necessary" club motto, the club pledged to teach anyone who was interested how to tie flies and the art of flyfishing. The club's activities this year included casting and fly-tying lessons from the Midge Fly Shop along with "field trips" to the unknown wilderness to test their newly-learned skills. Chris Chin, vice-President, said that he advocates eating all fish bigger than a mouthful, but even fishermen whose stomachs were not as big had fun participating. One member said, "There is a vigor in this club I have not experienced elsewhere." The club's officers, all seniors, hope that the energy and vitality in this club will be continued even after they graduate.



Drama Club Gets Their Act Together

Starting out on the minus side of the financial situation, the *Drama Club* overcame their debt and turned the year into one giant money-making scheme. On one play alone, Harvey, the club made over $1000 dollars. With the extra money, the club planned exciting trips to San Francisco to see various productions, and also bought materials for their future plays. Led by officers Noel Wood, Ladd Parrish, Chad Whitney, and Patti Feldstein, the club had a fun time all year, even when they were not performing on stage. As one member said, "Drama club has changed my life around," and other active members feel the same way. Club seniors hope that the vigor and dedication put into the club this year will be continued next year and years to come.

Intellect Personified at LAH: Machines And Mental Mayhem

Strategic Minds

The Strategic Games Club, meeting daily at lunchtime, honed their mental and perceptive skills to a fine edge, playing games such as Risk, a game of world domination. All of this mind-enhancing manipulation was supervised by Doug Bailey, who provided refreshments in the form of his infamous "Bailey Booze," homebrewed beverages of the non-alcoholic variety. Although the club was quite large, members were free to strategically drift in and out as they wished, as the setting was quite informal. Judging by the increasing number of members, the Strategic Games Club appears to be an institution that is here to stay.

Radiophiliacs

"It looks good on college applications . . . just kidding, ha ha," sneers Fred (call me Moose) Kilner. Led by longtime radio ham Gene Olaveson, the club ran the gamut from practicing Morse code communication (i.e. dot-dot-dot dash-dash-dash dot-dot-dot) to absorbing the numerous labyrinthine Federal Communications Commission (FCC) laws. By studying these laws, the members hoped to acquire licenses to become ham radio operators. A point of discussion amongst these radio wizards was the condition of the ionosphere at any one particular moment of time, and what said ionosphere would do to the quality of radio transmission. As Kilner noted, "it is what it is, but it isn't what it isn't." He also pointed out that while not a restriction on membership, "only the cream of the crop" usually join.

High Tech?

The computer club, presided over by junior Steven Shapiro, who, in his own words, had leadership abilities "leaning towards the lacking side," nevertheless persevered to produce poignant printouts on paper. Meeting numerous times on occasion, the club strove towards being the school's best (and only!) club dedicated to the study of microelectronic component systems designed for the use of data processing, word processing, moneymaking, and thought-provoking intellectual stimulation. Goalwise, the club had three. The first major goal was to have at lease one especially profound and interesting guest orator. A second, but no less important goal, was for the club to visit a computer company in the Silicon Valley. The third and last goal was the ambitious attempt to start a computerized, electronicized, magnetic-memorized Bulletin Board System (BBS), a system on which members could chat and discuss their interests in computers and/or anything else over the telecommunications device commonly known as the telephone. Great possibilities abound for the computer club, because of the high level of enthusiasm and involvement among the member.

Not Checkers . . .

Mental brawn, deviousness, and trickery was the name of the game for Chess Club members. Such cunning, needed for the game of chess, was plentiful at Los Altos High. Forming the Los Altos Chess Team, the club showed its strength when the team checkmated Palo Alto, 7-0, by default. Advisor Doug Bailey encouraged the young chess players to continue to improve their games through constant playing.

Cappucino Club, Peer Counseling, And *Another Viewpoint* Pursue Varying Interests

The relatively obscure *Cappucino Club* is an elitist French club which meets once a month to enjoy each others' conversation. The sole requirements for the on-going existence of the club are a continuous flow of cappucino, an abundance of students and faculty to enjoy it, and intelligent conversation. World issues, literature, and social ideas are thrown about at such coffee houses as TN Spice, The Plantation, and The Upstart Crow. According to member Kara Morley, the Cappucino Club "stimulates my mind and forces me to consider issues on a broad scale."

"Peer Counseling," says advisor Mrs. Freelen, "extends a helping hand to new students." Freshmen as well as students who move into the Los Altos area build lasting friendships through Peer Counseling, allowing them to become comfortable at our school. The Big Brother/Sister Week was run by the club whose members meet for lunchtime discussion groups.

This year's editorial staff valiantly attempted to make *Another Viewpoint* — the GATE newspaper — a legitimate part of the Los Altos High School intellectual and philosophical atmosphere. Needless to say, it failed. Editors Ken Elefant and Ken Gould led a small array of writers who gained confidence and lost legibility throughout the year. As Editor Gould said at mid-year, "We realize that this is not a creditable publication, but considering that this is an entirely voluntary pursuit, we did O.K."

Cultural Clubs Focus On Social Progress

MECHA

Organization has been the key to success for this year's *Mecha Club.* Last year's Cinco de Mayo Queen and the current Vice-President of Mecha, Paula Sanchez, stressed a need for more publicity and cultural awareness. To accomplish this, Mecha members planned to expand the Cinco de Mayo celebration to include a parade and dance. This year's members also raised money for the Mexican Earthquake Relief Fund and planned a bi-school ski trip to Lake Tahoe with Mountain View. Mecha promises to be an influence not only in school but also in the community.

The primary purpose of this year's *French Club* was to raise funds for French scholarships for college use. The club raised these funds through the Holiday Fair and Bake sales. The club adviser, Madame Youatt, and the other members of the club traditionally decide which two seniors from the French IV-V AP class will benefit from the club's hard work. Along with financial activities, the club also attended French films and local restaurants throughout the year to gain a better perspective of the French culture.

Fundraising was also a major focus in the *German Club* this year. Members participated in both bake sales and the Holiday Faire, where their hot-selling gummi bears brought in a small fortune. This money provided club members with scholarships and many fun field trips. The German club also traveled to San Francisco to see museums and exhibits dealing with German history. These activities gave German students many insights into German culture.

Diverse Clubs Encourage Cultural Awareness

Vietnamese Club

The *Vietnamese Club's* membership more than doubled this year — attracting students from many diverse backgrounds. Led by club president Lan Tran, members worked to expand awareness of the Vietnamese culture and tradition at Los Altos High school. As a main focus, the club concentrated on fund-raising to earn money in preparation for their annual Vietnamese TET celebration. Once again, the club's egg rolls were a sell-out at the Holiday Faire, and these bake sale profits continued throughout the spring. All this hard work culminated in February, with the onset of the Vietnamese New Year celebration. The week-long festival to honor the Vietnamese calendar year 4630 included cultural food, music, and the performance of the traditional Dragon Dance, starring public relations chairman Brad Courtright. The TET celebrations came to a close with a special performance at Mountain View High School. With these performances, profits, and a greatly improved cultural awareness, the Vietnamese Club had a very successful year.

This year's *Asian Club* (not pictured) had a small but devoted membership. Club members were very active throughout the school year, encouraging community awareness of Asian culture, language, and affairs. As in the Vietnamese Club, fund-raising took the main focus. Asian club members made and sold traditional foods at their spring bake sales, and even gave a demonstration of Asian cooking, with their secret receipe for "Turkey Curry". The club used these funds to promote an Asian-American interchange of culture and ideas, hoping to start "sister city" programs with China and Japan. Other club activities included a field trip to San Francisco, where members visited Asian Art exhibits at the DeYoung museum, and attended discussions to increase their knowledge of Asian heritage.

The *Filipino Youth Organization* (FYO) is a group of Los Altos and Mountain View High students who perform traditional Filipino folk dances for various audiences. The students practice for up to six hours a day, two or three days a week, in preparation for their major performance at Mountain View High late in the year. The club enjoyed a dramatic increase in membership in 1985, and the 1986 show surpassed those of past years, in part because professional dancers from the Phillipines taught the students this year.

One Day In The Life Of. . .

HOW TO SENIOR. . .

Seniors are a unique breed. What makes them extremely fascinating is that they think the world revolves around them, which is usually true. These uppermost of upperclassmen always know the who, what, when, why, and how of school. A clueless senior is a horrendous anomaly.

The senior starts his day with first period study so that he can sleep in until 8:40 A.M. That gives him a good ten minutes to put on some sweats and a pair of sunglasses (Raybans or Vuarnets are preferable). The senior then runs several red lights so that he can make it to 2nd period before it is twenty minutes old and he is marked "cut." Second period is usually an easy class because, "Hey, you can't think when you're asleep."

When that period is over, he goes to his locker (in the main hallway on the 100 or 200 wings) and from there to the quad. On this hallowed ground, the senior perches himself atop a bench or a planter and gazes at the masses below him, who are yearning to be in his place. He chuckles at the futile efforts of the backpack laden freshmen who run to the cafeteria and raises his eyebrows at the underclass Quaddie Chicks. He and his friends discuss their exploits of the weekend, recounting how many parties they went to and how many police cars they outran.

The bell rings, but the senior has more important things to do, and he arrives at third period fashionably late. With the smooth charisma that every senior possesses, he talks his teacher out of assigning him Saturday school. Then he sits in the seat farthest from the teacher's desk and closest to the door. This is so that the teacher will not bother him. Third period is a hard class-something like Math or English. Fourth period is usually an easier class because the senior does not want to spoil his appetite for lunch.

The senior usually finds a good excuse to get out of class five minutes early so he can find his girlfriend and get out of the parking lot before the lunchtime traffic jam. He proceeds to a fashionable eating place such as the Deli or a place where he can get something greasy between two buns. He is not in a hurry because he has not seen his girlfriend for a whole day and he has fifth period free anyway. After a stimulating and intellectual conversation over oily fries, the senior and his girlfriend go back to school. Fifth period is spent on top of the "hill" in the quad with the rest of his friends

plotting various schemes, such as the return of "Frosh Hell Day." Sometimes the senior plays a little hacky-sack. Underclassmen shy away from his group because they have an inferiority complex, and rightly so.

During sixth period, the senior goes to an easy class to unwind after a thoroughly taxing day. Because of their great physical strength and maturity, many seniors are in sports. After dragging himself around for a few hours under the supervision of a coach, the senior drives home and calls his girlfriend. Then he does the minimum amount of homework needed to slide by without flunking. With this terrible chore out of the way, the senior listens to various distinguished artists on the radio. This elite group of cutting edge musicians consists of B-52's, Kool and the Gang, Simon and Garfunkel, and anything else that makes one feel like committing mayhem. Then the senior speaks his first words of the day to his parents.

"Hi, I'm going out."

We all know what happens next, because everyone tries to emulate seniors and get just as frickin' rad as they do.

Cross Country Runs Wild

The 1985 Cross Country team was both young and successful. Spearheaded by Junior Bill Wolcott and Sophomores Christian Lowe and Kelly Moore, the varsity team rolled up some impressive victories over their dangerous league rival, Mountain View. Freshmen Jeff Sasaki and Wade Armistead indicated what is in store for Los Altos in future years with their impressive showings in the frosh/soph division. The small girls' team, composed of Tracy Paaso, Kerry Rohan, and Karen Nelson, made great individual performances though as a team their numbers were too few to win any meets.

Junior Peter Cazalet was an added bonus to the team this year when he was not in Physics or doing a triathlon on his own. At one Menlo-Atherton meet, Cazalet arrived late and ended up running the course by himself against the clock. His 10:44 clocking for the 2.2 mile course would have given him first place had he not been late, but as he said, "I needed to go to Cone's physics." In spite of such incidents, the Cross Country team emerged victorious in its fight against lactic acid and the infamous shin-splints. As a long suffering veteran put it, "We skate and destroy Joe Cortex." With such a "gung-ho" attitude, the team made an impressive showing, eventually finishing third in the League meet and eighth in the Region meet.

"There is no finish line."

At one meet, Peter Cazalet arrived late and ended up running the course by himself against the clock . . . (because) as he said, "I needed to go to Cone's physics."

Improvement Noted In Field Hockey

1985 was "definitely an improving year" according to Varsity coach Sue Williams. Los Altos Field Hockey earned the right to feel proud of its season with its first victory in several years, a 4-1 mauling of University High School. Though their record in the tough De Anza Athletic League was not impressive, the girls managed to achieve their number one goal of "spirit and compatibility." Kris Peck and Jennifer Heffley were selected as the most spirited team members.

Neither was the Junior Varsity team without merit. J.V. Coach Watney felt that the strong team would contribute very much to next year's Varsity. Nicole Bryant was voted M.V.P. for her leadership, spirit, and cooperation. Bryant also substituted as goalkeeper for the Varsity team versus University after Varsity goalie Susan Owens was injured. Everyone enjoyed herself, yet the team members hope to see more support from the school in the future in the form of rallies, announcements, and spectators.

Swimmers Sink Opponents

Controversial Disqualification Robs Los Altos Of Second Place In SCVAL

The 1985 season was one of both success and disappointment for the girls' swimming team. While the varsity rallied to place third in the league, the team was nevertheless hindered by several setbacks that hurt it in league competition. Injuries forced several crucial swimmers to miss important meets. And, "in the league meet," said coach Lyne Tomlinson, "we definitely would have placed second," if it had not been for an unfortunate disqualification in the 200 yard medley relay. However, with a league dual meet record of 4-2, Coach Tomlinson appraised the season as "a success — very much so!"

Varsity league placers and Central Coast Section (CCS) qualifiers included Kim Bieber, Pam Lipson, Karen Etzold, Veronica Jackson, Sarah Salerno, Wendy Cheli, Kirsten Etzold, Caryn Platt, and Kara Morley. At CCS. Los Altos' medley relay team (Pam Lipson, Karen Etzold, Kirsten Etzold, and Kim Bieber) placed 4th, while the freestyle relay (Chris Massoni, Sarah Salerno, Veronica Jackson, and Kara Morley) placed 11th. Divers Becky Ashton and Hilary Hubbard placed an impressive 12th and 13th, contributing to Los Altos' overall team placing of 10th.

The young and powerful JV team, which placed fourth in the league, was led by Nicole Barr, Julie Sramek, and Kirsti Bame. "It was fun," said one swimmer of the season, "We really learned how to be a team."

Girls' Tennis Rallies Through A Tough Season

Varsity, right: from top, left to right: Virginia Galan, Carla Nicholas, Pam Sun, Kristin Dornig, Coach Roland Vieira, Nadia Amer, Alice Wu, Kristy Munro, Karen Letts, Katrina Dornig, Beth Nicholson, Trang Nguyen, Jennifer Plant.

Nineteen hundred eighty-five was a banner year for the Los Altos Varsity Girls' Tennis Team. Lead by Coach Roland Vieira and Co-Captains Trang Nguyen and Kristin Dornig, the team was expected to compete for second place in league with Mountain View and Palo Alto in "a hard, hard battle." Coach Vieira described his team as "loaded with spirit and talent" and "pretty well seasoned"; with returning seniors Dornig, Nguyen, Pam Sun, and 1984 Santa Clara Valley Athletic League (SCVAL) champion Jennifer Plant, Los Altos figured to be a tough opponent. In addition, senior exchange student Virginia Galan, juniors Karen Letts and Alice Wu, and sophomores Beth Nicholson, Katrina Dornig, Kristy Munro, Nadia Amer, and Carla Nicholas added depth to the team — depth that was revealed in the SCVAL singles/doubles championships, where every Los Altos entrant advanced to the second round.

Every team member was very competitive and hardworking, but each member enjoyed the fun of playing. According to Coach Vieira, "that combination on a given day will get you winners all the time. But it has to be a given day . . ." On certain given days, the Los Altos team met nationally ranked players from Mountain View and Gunn, and lost some tough matches. The season ended with Los Altos narrowly missing the Central Coast Section (CCS) playoffs in a close 4-3 loss to Mountain View and finishing third in the SCVAL behind Gunn and Mountain View, an admirable placing in one of the toughest leagues in the CCS.

The Junior Varsity Team, guided by first-year coaches Lisa Lipari and Debra Igleburger, was "a very even team," capable of playing with any JV team in the league. Practicing long and hard, the team members simultaneously improved their games and their friendships. Coach Lipari felt that although the team members, mainly freshmen and sophomores, were inexperienced, they had a lot of potential for improvement; both coaches expect many JV players to move up to varsity next year.

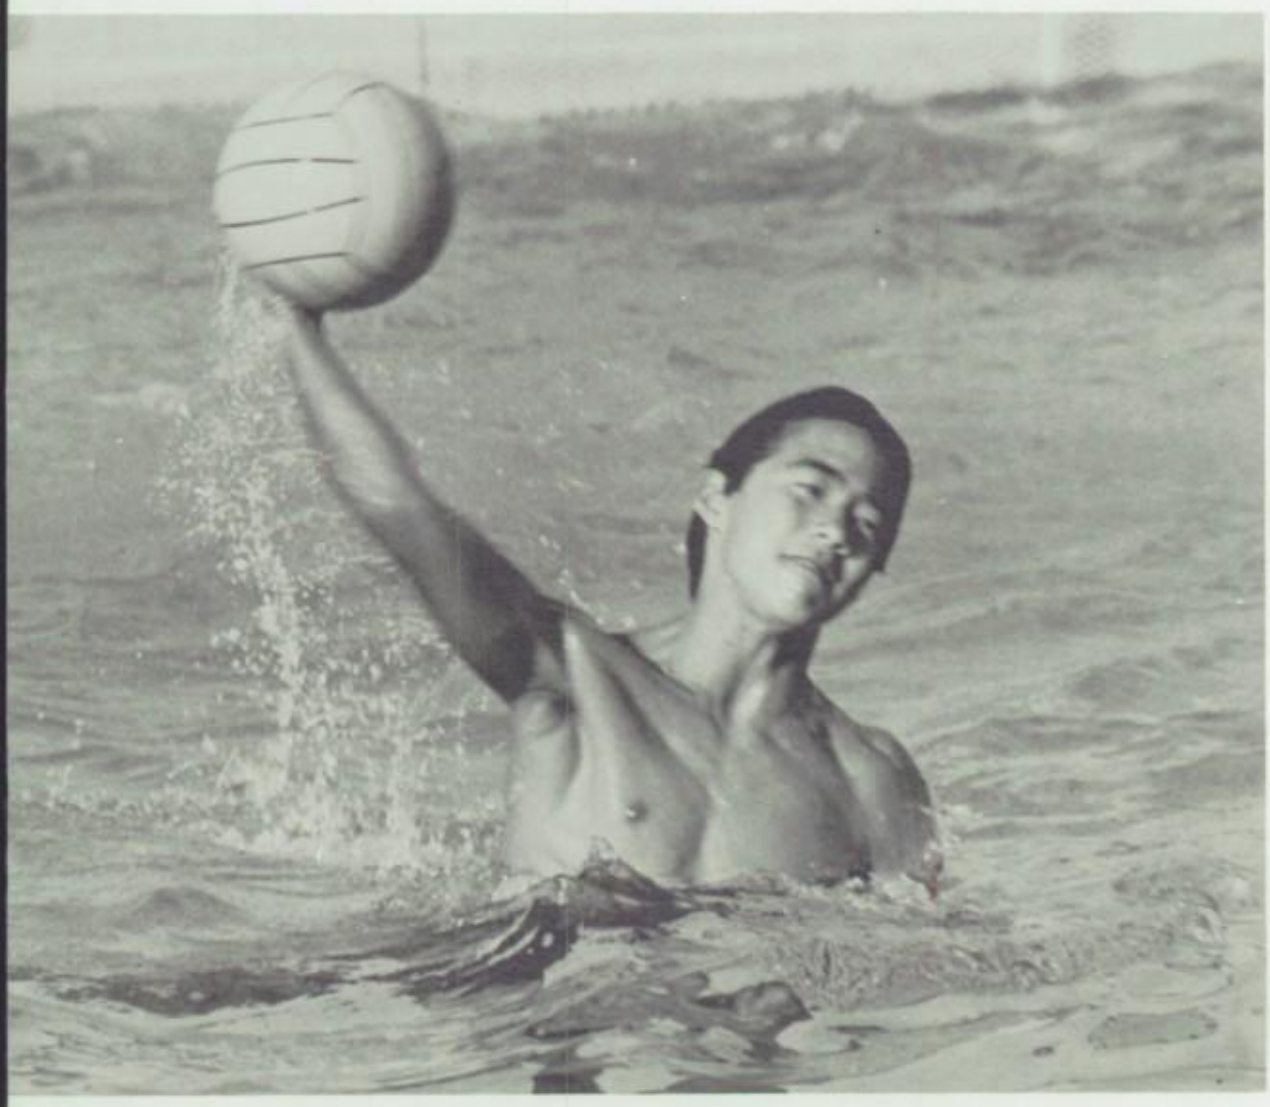
RICK GOULD



This year's water polo team had an awe inspiring season. For the first time in ten years, the Los Altos team advanced to Central Coast Section (CCS) playoffs. Although they were eliminated from CCS contention, the team is looking ahead to win CCS next year.

At the beginning of the season, the varsity team was relatively young and inexperienced, but as the season progressed, they became a real threat to their league. The team found their toughest competition with Palo Alto High School, who defeated them twice during the season. However, Los Altos rallied back to beat league rival, Gunn High School, and finished with eight wins, three losses in league competition.

The team's successful record was made possible by the outstanding abilities of its individual members. On the varsity team, Rob Boyd, Rick Gould, and Paul Navabpour were chosen as all-league representatives for the first team. Sophomores Cris Barrett and Doug Meades were also pivotal players who helped make this year's CCS hopes a reality. The junior varsity team owed much of its success to the efforts of Tom Cheli and Todd Rochelle, who helped their team finish the season tied for second in the league with Gunn.

Los Altos water polo players are defined as many things by many people. They are hardworking, conditioned, and tanned, but most of all they constitute a team truly dedicated to their sport.

Left to Right: Rick Gould gives the water polo salute. The varsity team meets to discuss a crucial point. Jim Nam throws for a winning goal.

L.A. Volleyball Smashes Opposition Into Submission

Once again the girls' volleyball teams proved to be successful. Despite not winning any matches, the JV team showed its skill and dedication by working hard in practice and playing aggressively until the end of every game. The team progressed under the leadership of team captain Cherlyn Neely and outstanding play from freshmen Cheryl Wolcott and Andrea Casalett.

Coached by Harold Yada, again the varsity team was a formidable force throughout the state. The players' commitment to excellence earned them the ranking of second in the Nation by Volleyball Monthly Magazine. The team remained undefeated in league, Central Coast Section, and Nor-Cal playoffs, and did not lose a match until the state semi-finals. The team battled through five games against Newport Harbor of southern California, losing the fifth game 13-15.

Each member of the starting lineup was named to all-league teams, with "Slammin" Sam Shaver being named league MVP. The team also had outstanding play from senior Shannon Cunningham and freshmen Kristi Paaso and Heather Ambler.

Fortunately, the team graduated only three seniors. Starters returning next year include Shaver, Krissy Fifer, and talented setters Karen Anderson and Melanie Beckenhauer, all hoping to win the state title.

Eagles Snare First In SCVAL; First Time Since '76

Los Altos football enjoyed one of the most successful seasons of any fall sports team. In spite of their rather inconspicuous pre-season, the Eagles excelled in league play. Under the guidance of quarterback Mark Whelan, they went undefeated in SCVAL. A strong running attack spearheaded by Hieu Tran and Tim McDermott was well complemented by the long range threat of receivers Eric Wilkening and Steve Mason. Yet it was often the defense that carried the day for the Eagles, forcing fumbles and interceptions that were later translated into points. Seniors Jim Jauch and Steve Mason made their presence known with both outstanding offensive and defensive plays. The Eagles swept all opposition before them, even shooting down heavily favored Wilcox 22-12 on Homecoming Day. The real test, however, was the last game of the regular season against co-league leader, Santa Clara. With a spectacular rally in the second half, Los Altos came from behind to pull off a 26-26 tie. With this result, the Eagles walked off with the SCVAL Championship for the first time in nine years. The team continued its streak against North Salinas by defeating them in the C.C.S. playoffs. In the next game, though, Los Altos was stopped by Los Gatos, the eventual C.C.S. Champions, 27-15.

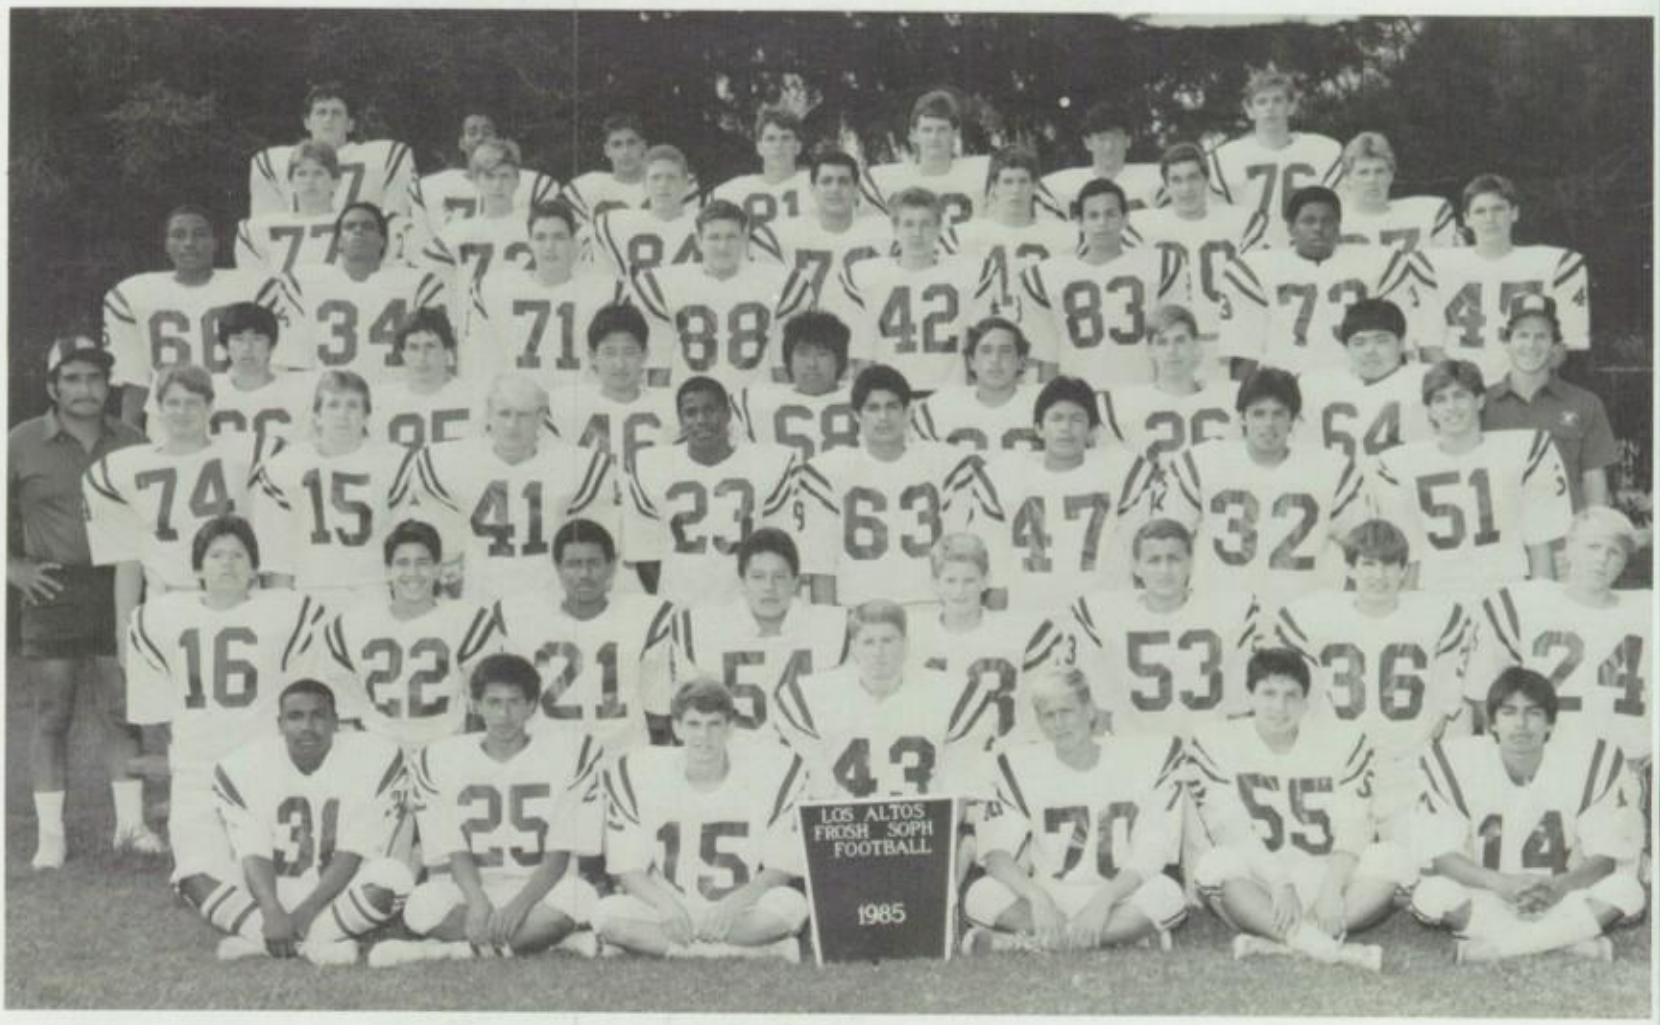
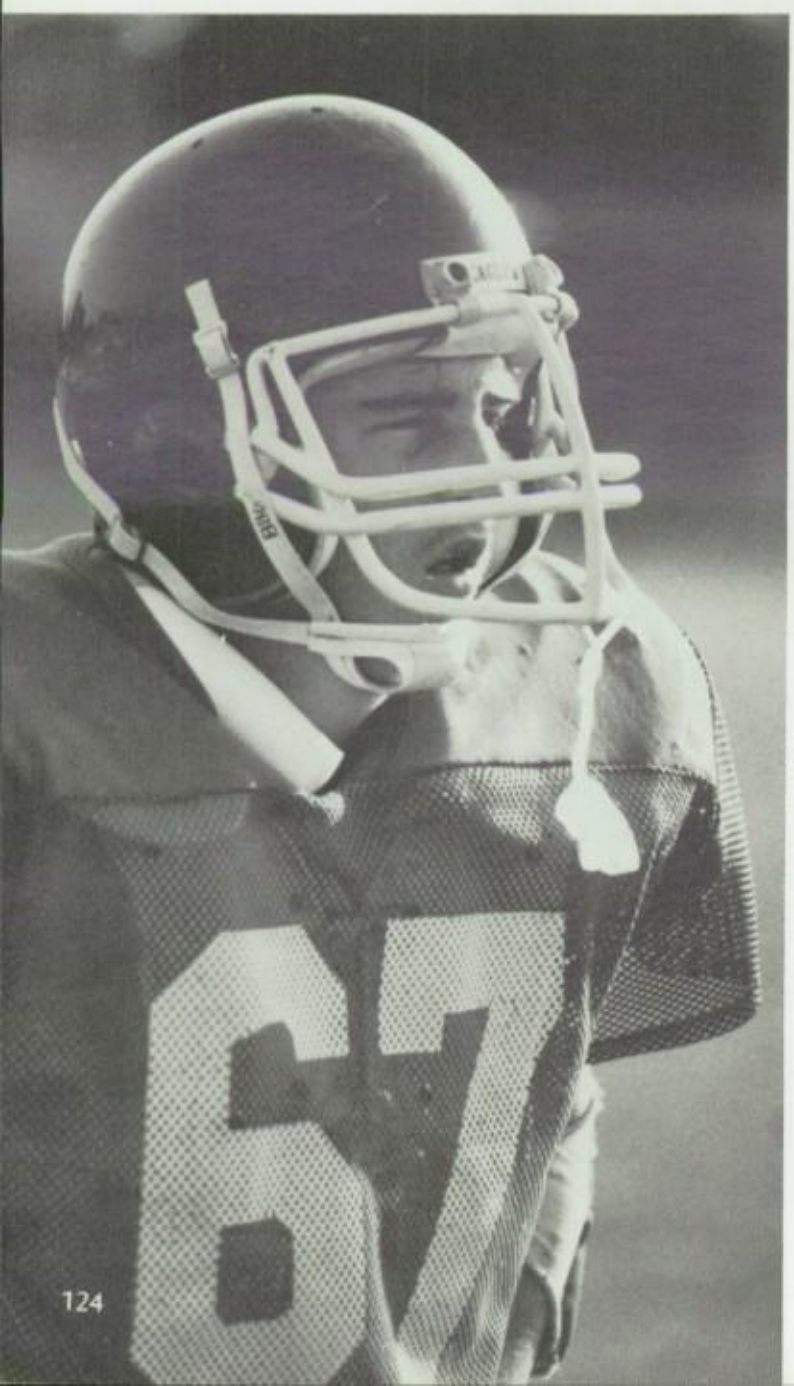
JV Football Starts Winning Tradition





Under first year coach Bernie Quintero, Los Altos JV Football posted a winning record of six wins and four losses. Though they lost the League Championship game to Mountain View, 21-10, the Eagles captured second place. This result was in sharp contrast to the poor performances of past JV Football teams at Los Altos. Six members of the team made First Team All-League while three others made Second Team All-League. These nine All-Leaguers are the most ever for Los Altos JV Football. Though the team will lose a lot of star players to Varsity Football next year, Coach Quintero stated that "the frosh-soph will be strong again next year."

Aerie Staff's Mudbowl

Pit 13 seniors against 11 juniors and the seniors already have an unfair advantage. But numbers were not the issue in the first annual *Aerie* staff mud-football and mud-slinging match held Jan. 29.

Working in the seniors' favor were MVP Tarah "Alvin" Smith, whose contributions were of the morale variety, and quarterback Chris "Killer" Cummings and receiver Hubert Dubrulle, whose connections gave the seniors at least two touchdowns.

Dubrulle, better known for his prowess on the soccer field, was at home in the muck on the football field resulting from the morning's well-timed downpour. "Awesome!" he yelped as he slid to his second TD. (Hubert's vocabulary is larger than it might seem.) Cummings got into the act as well, skating in mud puddles on the field while waiting for the frantic junior huddle to break up for another play.

The juniors did carry the ball — a little. An early interception gave them a chance at the elusive lead, but the seniors quickly regained possession. After the second senior touchdown, Dave Ratner's punt return of over 50 yards brought a glimmer of hope, and Jenny Corrigan's fearless attempts to catch a slippery pass from Ken Gould earned her the Junior MVP title for the game. But try as they might, and try they did, the juniors were little match for the highly charged and somewhat smug senior team.

The seniors might have been helped a little by Coach Newman, who served both as megaphone and 1st down marker. Unfortunately, she forgot her marker responsibilities in the fracas and may have moved a few yards here and there. She was also responsible for calling the game's end just as the juniors were in good position for at least a field goal.

"I admit it — I forgot to follow the ball," Newman said sheepishly. "But think of it this way. The seniors were already killing the juniors and didn't really need my help. Besides seniors always win. It's *de rigueur.*"

Next year, Newman says, a somewhat more organized melee will be planned — complete with down markers — so that at least the juniors will have a sporting chance. And people will remember the final score.

What was the final score?

This year's wrestling team definitely worked for its success. Under new coach Ken Garza, the team became highly disciplined. In addition to hours of drills, each athlete endured through a grueling program of physical fitness which included sprints, hard runs, and weightlifting.

The hard work did pay off in league competition. As junior Ken Elefant said: "We proved ourselves in our league this year. There are some really good individuals on our team." Those individuals included sophomore Erik Wolfers, junior Ken Elefant, and senior Ozzie Johns. The proof came in the form of a 52-21 mauling of the Mountain View Spartans and a 57-18 destruction of the Wilcox Chargers.

With only four seniors graduating, the future looks even better. John Hernandez states it best: "We have a young team and we have a lot of good young talent. We're going to get better as the years go on." No reason exists to doubt that statement.

Talent, Skill, And Unity Make The Difference

The Los Altos girls' soccer season arrived with tough competition and continued rivalry; yet both teams were more than ready to meet the challenge. Both varsity and JV had strong leaders who supplied support for their young teams. As a result, the teams gained unity needed to win tough matches in league.

The varsity team, coached by Sue Williams, had a successful season. With decisive victories in league competition, the team ended the season with a winning record. This success was due to the effort of many key players. Francesca Cremona and Katie Zobel were strong defensive forces in the fullback position, while frosh phenomenon Julie Rappaport added talent to the already impressive Los Altos offense. With the talent of juniors Tory Perkocha and Suzy Slavin, and underclassmen Katie Zobel and Julie Rappaport, the L.A. varsity team will continue to be a success next year.

The junior varsity team also had its share of strong players. Co-captains Betty Yin and Kristin Maestas, along with Coach Watney, provided support and experience for their enthusiastic teammates. Up and coming players include sophomores Katrina Dornig and Tori Allen, who will add to next year's varsity talent.

This talent, skill, and unity were deciding factors in this year's success. With these important attributes, next year's soccer teams should have exciting seasons.

Boys' Soccer: Hopes Unfulfilled

According to preseason results, Varsity Soccer had every reason to expect a great year. A 2- 1 trouncing of Menlo-Atherton, last year's C.C.S. champions, and a first ever 1-0 victory over Homestead seemed to indicate that Los Altos soccer was in fine form.

However, in the first game of regular season play, an overconfident Varsity team was toppled by lowly Mountain View, 3-1. The Eagles bounced back, however, and in a seven game streak defeated everyone they faced except 1st place Gunn. An iron defense led by center fullback Eddie Lee gave up only two goals in these seven games while high scorer Andy Robles and playmaster Alex Montano spurred an offense that scored seventeen. Both dangerous Wilcox and second place Palo Alto suffered shutout defeats of 2-0 at the hands of a well balanced Los Altos team. Two games into the second half of the season, Los Altos and Palo Alto caught Gunn on a downhill slide, and a three way tie for first resulted. Unfortunately, in their next game, the Eagles succumbed to a resurgent Wilcox, 1-3, dropping into a tie for second place with Palo Alto.

A stagnant offense which failed to convert many chances kept the L.A. defense on the run for most of the game against Gunn and a 3-0 loss resulted. This game effectively killed any chance Los Altos had of making the C.C.S. playoffs.

Meanwhile, Coach Roland Vieira led the J.V. team to their fourth winning season in as many years as head coach. The team was undefeated and tied only two games. Sophomores Cory Cullinan and Ian Chan provided a strong offensive punch to a team whose steadfast defense was shored by Chris Welborn and Bruce Chin.

Girls' Basketball Leaps To New Heights

Varsity Rules!

During the 1985-86 Varsity Girls' Basketball season, the team showed great tenacity and massive improvement. Guided by "fantastic" Coach Susan Imai, the team finished surprisingly well in the Santa Clara Valley Athletic League (SCVAL). Los Altos, known traditionally as the cellar-dweller in the SCVAL, was predicted to finish last again by local newspaper "sports experts." But what a difference a year makes! The team showed its true character, competetiveness, and pride when it posted more SCVAL victories this year than in the past seven years combined. By defeating numerous schools in SCVAL play, the team made a strong run for third place behind league powers Palo Alto and Mountain View.

JV's No Jive Either...

According to Coach Frank Dirkson, the 1985-86 Junior Varsity Girls' Basketball Team was "one of the most spirited" in Los Altos history. According to a highly reliable source, this vivacity led to hard work and a devotion to the sport not seen since the mid 1950's. Freshman Alicia Willis stated, "if basketball was never invented, I would die." Freshman Felicia Nobles added, "basketball is my future. I plan to study in Texas and then go pro." Energy was so abundant that even Annelore Geelan, a freshman and perennial backup, enthusiastically chirped, "benchwarming is fun!" Sophomore Anne Bennion stated that pizza parties, cheering at boy's games, yelling, screaming, cackling outragiously, commanding diatribe, and generally deafening the crowd were common substitutes for victory. So contagious was the team's zeal that an opposing coach altruistically exhumed, "I have never seen a group of athletes who have such great enthusiasm, character, and enjoyment of the game." It was this indefatigable attitude that made losing much less painful. As one astute observer said, "not talent ... spirit" is what characterized the team.

Boys' Basketball Shows Intensity And Determination

Varsity basketball started out the season with somewhat inconsistent playing, but then turned the score around and began to take control of things, starting with the game against league rival Mountain View. With an enormous Los Altos crowd cheering the team on, the Eagles showed the Spartans an intensity and determination not visible in previous games. Los Altos clinched the win in the final seconds with two free throws and set the stage for a turning of the tide. The players, ignited with a new sense of inspiration, began to play more like a team and become more of a success. Led mainly by returning veterans Dee Price, Mark Cavallaro, Scott Kiburis, and Robyn Todd, the team was both successful and exciting.

The Junior Varsity team was also exciting to watch, perhaps because it fought so many close games, such as the one against Mountain View that ended with Los Altos ahead by three points. Directed by the leadership and expert skills of Arnie Erikson and Charles Boyce, the team did well, placing second in the Cupertino tournament and losing first place by only two points. With the team consisting of mainly freshman - eleven in all - the JV team is sure to be just as exciting next year.

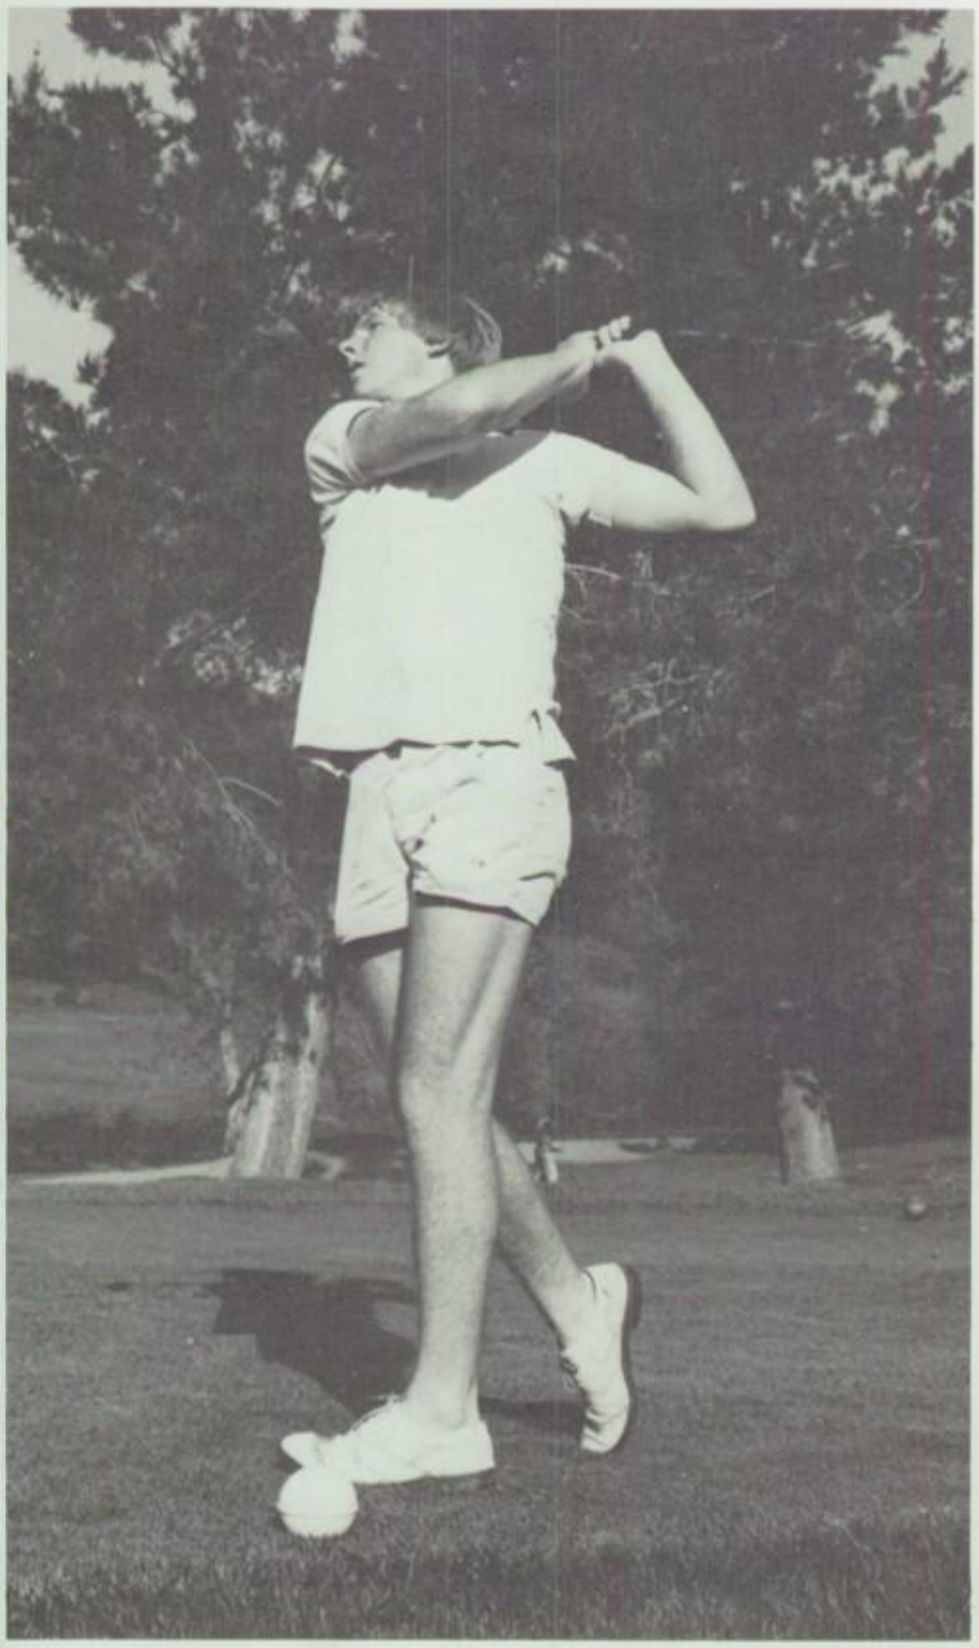
Golf Tees Of
For An Exciting Season



The golf team hit the greens with style and poise. After a phenomenal league victory last year, the team anticipated another successful season. Avoiding trees, ponds, and the ever-present sand traps, the L.A. golfers easily out-drove and out-maneuvered their most worthy opponents. Mountain View, Palo Alto, Gunn, and Santa Clara all fell to the mighty L.A. clubs. Star golfers included the ominous Brad Klaus, chip-shot artist, Dave Williams, and the team's female influence, Amy Palma.

These returning juniors, along with the rest of the L.A. team, hope for continued success in the rough and tumble world of high school golf. Only a select few will leave the L.A. limelight and move on to the fast paced life of the Professional Golfers Tour. With their fame comes a certain degree of status, dedication, and responsibility. Boys' Tennis Preying On CCS

The Los Altos Varsity Tennis Team has made a tradition of competing in the CCS Tournament: in 1983, the team reached the quarter-finals; in 1984, the team won the tournament; in 1985, the team reached the semi-finals. This year's team hoped to reach the tournament and finish strongly. Weakened St. Francis and Menlo-Atherton teams, which were a great threat in the past, made the CCS Tournament more than just a hope, but a reality. However, two entities severely restricted the team's hopes: arch-rival Gunn and annual threat Palo Alto. Both Gunn and Palo Alto had strong teams that rivaled Los Altos for the SCVAL Championship, which would more than likely determined the CCS Champion. Led by sophomore Tim Sheehan, junior Kenji Hashimoto, and senior captain Chris Cummings, the team soundly defeated Burlingame and Saint Ignatius, 6-1. But with tougher competition on the way, the team was busy praying for CCS.

The JV Team had similar plans to capture the league title. With an unprecedented turn out of quality players, the squad feared cuts and conditioning more that it did opponents. The great success of the JV Team during the 1986 season ensures strong varsity teams to come.

Boys' Swimming

Traditionally strong in the SCVAL league, the boys' swimming team strived to regain the title they lost to Paly in 1985. That loss bound the members of the team together in a common purpose — they all wanted revenge, and they got it, drowning Paly in the season's first dual meet, 105-67. Though the league results were unavailable at press time, the prospects looked good for the Los Altos swimmers. As Coach Travis Wykoff said, "Last year, our depth was good, just not quite good enough. This year, though, it's phenomenal — we have a strong core of returning swimmers and a very talented group of newcomers." The team anticipated strong finishes both in the SCVAL championships and in the CCS meet.

In the SCVAL, Paly and Santa Clara provided the toughest competition. According to Wykoff, however, "Our swimmers should dominate the league this year, and many should go on to do well at CCS." CCS hopefuls included sophomores Greg Douglas, Nathan Hope, and Bent Odlum; juniors Peter Cazalet, Irby Lovette, and Bruce Nater; and seniors John Burns and Rick Gould.

The diving team headed by veteran coach Bill Smith had the strength and the depth to perform well this year. Returning divers Jeff Dunmire and Mark Satterlee led a large contingent of new team members to place high in both league and CCS competition.

Badminton Smashes Opponents

The Los Altos Badminton Team expected the 1986 season to be one of its best; with the loss of only four seniors to graduation, this year's team returned with many veteran players.

Coach Ron Moser commented, "Our strength is our balance of skill and experience at all positions. This year the race for the league title is wide open." He predicted that Los Altos would finish second behind Mountain View and ahead of Gunn in the traditionally tough but balanced Santa Clara Valley Athletic League (SCVAL).

Co-captains Carol Kenny and Edward Ho led the girls' and boys' teams by example. Lan Tran, Karen Anderson, and Karen Letts led the girl's singles, while Jeri Bewick, Tori Allen, and Barbara Busetti provided valuable skills in doubles. Hieu Bui, Curtiss Coffman, Harry Lee, Ted Lee, and Justin Lucas lended talent and experience to the boys' team. Daily "conditioning" sessions, which the team "begged for," helped build strength and stamina; the team's hard work and banzai attitude paid off in league matches. Taskmaster Moser's rigorous new physical screening process ensured that only the most talented and persistent players would persevere to battle for the SCVAL championship and league finals.

The Los Altos gymnastics team put in many hours of hard work in preparation for its season of competition. The team began its pre-season conditioning in December and held practices throughout the season both in the LAHS gym and outside.

At the beginning of the season Coach Monica Lodge had an optimistic outlook, saying, "After many successful years, the 1986 team is ready to challenge a new season." This year's team had over 50 gymnasts, making for a strong team. The JV team, lead by Co-Captains Michelle Bertram and Lisa Garrido, was made mainly of freshmen who showed much promise for the future.

The Varsity team also boasted much new talent, including returning CCS participants; senior Becky Ashton, and sophomores Mary Asovito and Florence Abrenilla. Both teams exhibited ability in a tough season.

Striking Enthusiasm

No Foul Play Here

As the season began, the most evident strength of this year's Varsity softball team was its togetherness. Their first game against San Jose was a good indicator of this attribute.

In the first inning, Pitcher Rosa Ferrigno lost no time in striking out all three batters. Soon, the team rallied to a 27-0 mauling. But besides their physical edge, the team was mentally superior; their enthusiasm rivaled that of any cheerleader.

Much of the team's success was due to the support of Coach Quintero. Quintero's philosophy was that to be a good team, you had to work hard. Team member Anne Douquet confirmed the coach's attitude, "In this team, when you've practiced, you KNOW you've practiced; you're sweaty and dirty and sore as hell the next day." The result of all this hard work was a spirited season and a strong, united team.

"You never say, 'I'm sorry.'
You never say, 'I can't.'
It's always, 'I'll do better
next time.'"

Under the guidance of Coach Signes, this year's varsity baseball team worked hard to achieve their goals. This year's team was an extremely experienced one, comprised primarily of seniors. Throughout the season they battled top teams such as Palo Alto and defending champion Santa Clara. Coach Signes described this year's Eagles as being a "good-hitting team ... we should have a successful year." Pitcher Mark Cavallero and outfielder Dee Price, both seniors, led the club in their pursuit of the league title. Opening their league season against Santa Clara, the Eagles quickly took the plunge into heavy competition against a top contender.

The JV team was led by Coach Roc Murray this year, and the result was a successful and enthusiastic season. A hard working team, this club, comprised mostly of freshmen, battled throughout the year to prove itself a legitimate contender for the league title.

Nineteen Hundred and Eighty Six was a year of startling contradictions for Los Altos track. The 1985 team that won SCVAL, Region II, captured third in CCS, and sent five representatives to the State Meet Finals, under went a total makeover. A very talented crop of athletes were lost to graduation, leaving the team with only six seniors and fewer than ten juniors.

In the early part of the season, the Eagles faced some crucial shortages in the sprints and the weight events. Senior Steve Mason, junior Alan Chin, and sophomore Kingsley Okorie courageously kept Los Altos hanging on in the sprints while Joe Rapanut practically comprised the whole weight team.

However, as the season progressed, several very talented JV runners were placed in the breach such as John Burney, who made some impressive times in the 400m. State meet veteran Hubert Dubrulle provided the team with backbone in the middle distances while another State meet veteran, Eddie Lee, helped the Eagles in the jumps.

Two areas where Los Altos was not significantly hurt by graduation were in the pole vault and in the distance events. Todd Arnett and Peter Moreci led a swarm of underclass vaulters to keep the Eagles in the running in this event. The young and consistent distance team, revolving around junior Bill Wolcott and sophomores Kelly Moore and Christian Lowe turned in solid times to score many points in the mile and the two mile.

Though there is a lot of confusion and challenge associated with running a young team such as Los Altos, the team competed admirably. The additions of Denny Anderson and Willie Young to the already good coaching staff of Alex Paszkeicz and LeeRoy Gutierrez did not hurt either.

As usual, the girls' team was small yet talented. Coach Harold Yada gave his team a strict regimen of hard workouts, and many responded with impressive achievements. Tracy Paaso provided the team with strong performances in the middle distances while Melanie Beckenhauer put Los Altos in front in the weight events. However, Sam Shaver's knee injury was a grievous loss to the girls team in the hurdles and jumps.

Above: Kerry Rohan, Liz Reed, and Tracy Paaso take a breather from the rat-race of track life. Left: The buff JV 440 relay team composed of Kingsley Okorie, Tauri Senn, Shawn Gettins, and Jason Garoian go through their daily routine.

Girls' varsity and JV, left to right, from top: Karen Nelson, Vicki Yu, Kristi Paaso, Heather Ambler, Melanie Beckenhauer, Katie Zobel, Meredith Jones, Carolyn Whelan. Sharma Peterson, Laura Stenfort, Katie Cotsworth, Kerry Rohan, Samantha Shaver, Jenny Heffley. Not pictured: Liz Reed, Tracy Paaso, Coach Harold Yada.

Clockwise from far left: Bob Bassett takes off from the board on his way to his first jump of the 1986 track season. Scott Clifford leaps over the high jump bar in the meet against Woodside. Karen Nelson lengthens out her stride toward the finish of her two mile race. Todd Arnett defies gravity during pole vault practice.

The People

Clockwise from below: Heather Ambler and Paul Koen demonstrate the theory of a "no strings attached" relationship; Beth Nicholson, Ellie Druker, Kelly Mart, and Heidi Thompson — all dressed up and no place to go; Jackie Riddle and Eileen Moon listen intently to the morning announcements; Julie Mankinen awaits the beginning of band practice; Denise Knight, Sandra Gibson, and Alicia Willis catch up on the day's gossip.

The 1985-86 school year brought to Los Altos High School a new beginning. The first change was a new principal, Mr. McHenry, who brought with him a fresh outlook and enthusiasm to carry out his new ideas. A new theme of school pride was evident on campus, at sporting events and in greater student involvement. Twenty-one new faculty members joined the staff at Los Altos during the 1985-86 school year. For Los Altos High School 1985-86 was truly a year of changes.

A Spree — the freshman and sophomore mode of transportation. Jason Loia contemplates the wonders of academic life.

The Year:

"Will be remembered for two things: wasting time and chewing ice."

"Was exhilarating and fun to be a part of."

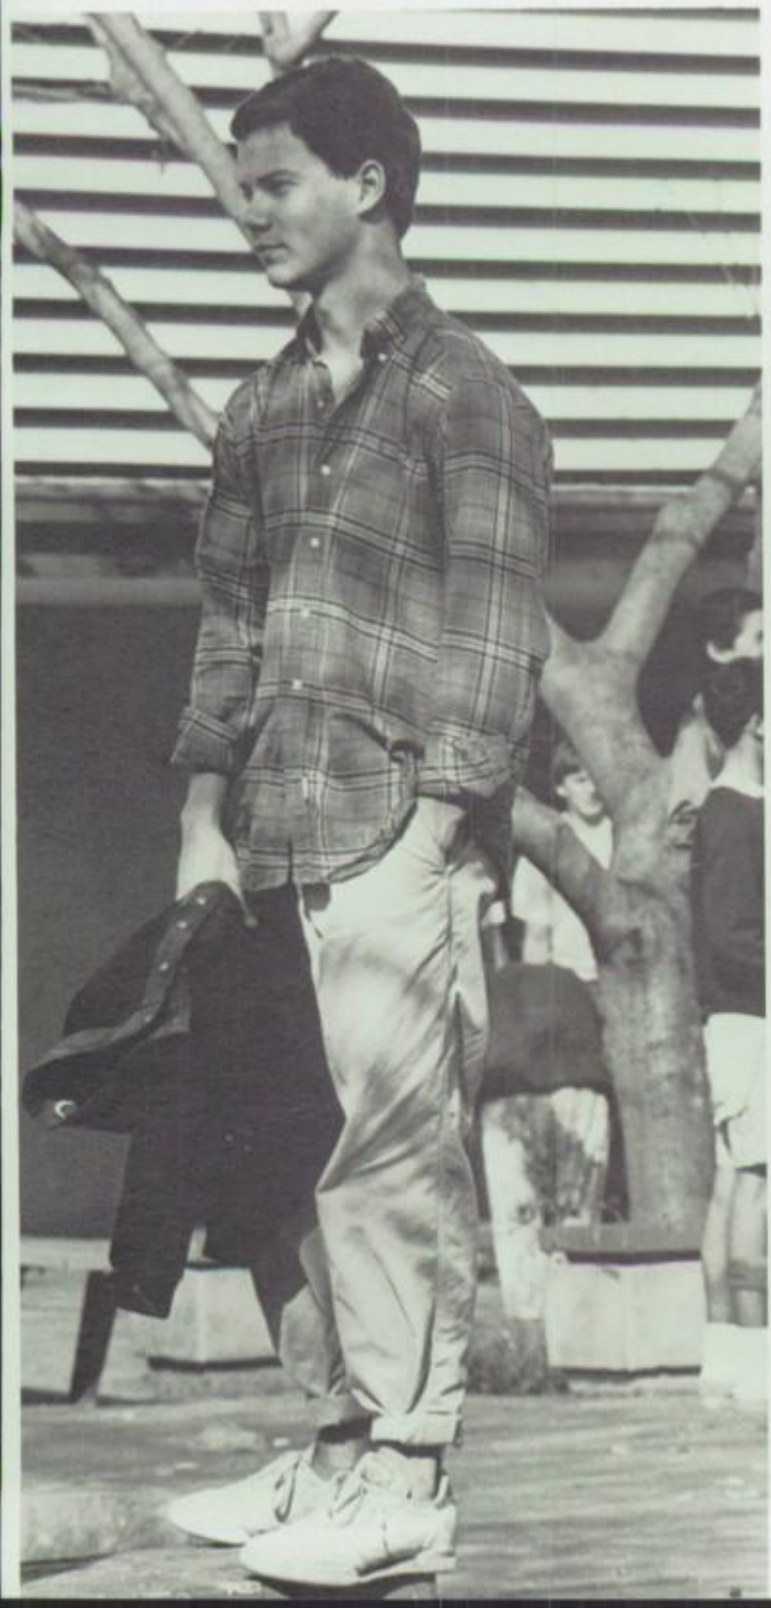
"Has been the year of Amadeus and 'Sminghies' last polka."

"Would have been perfect if Jim hadn't shaved his beard off."

"The peace wish was one of the most memorable experiences of the year."

"The peace wish is funnier than disco."

Clockwise from bottom left: Andrew Fritz, Russell Bornschlegel and Matt Kaufman discuss the frequency of radio waves. Liz Rebenstorf shares a laugh with a friend. Karen Varney and Christina Hazeltine wait complacently for their next class. Burke Ferrari and Nicki Whittick look with disgust while hearing the cacophonous sounds of some foreign drummers. Rob Simmons watches the rally honoring the spring.



Manny - hey babe! I missed ya! Never go away w/o telling us again! You're a very sweet guy with a great smile! (and just too funny) Gonna miss you this summer. Don't leave us again. Love ya LOTS!

Dear K & C Club- My friends I don't wish to go, but life will not wait for us I know. Don't look back and see the tears streaking down my face. 'Cause in my heart you'll never be replaced. Hold tight to today and it will take you to tomorrow. Hold your head high and you'll see, that the sorrow will soon fade with a dream that is yet to be. We're going to be the best of all, just you wait and see! Take me with you when you go. I'll stay forever in your heart. That way we'll never have to say we lost a part of ourselves. You're just the part of me I can't let go, and I thank God you're the friends I'll always know. So thank you for growing up with me, my friends. Parting now we'll reach for the stars and see it's not an end, but the beginning of a life we've dreamt of for so long. Now it's time to show the world-we've made each other strong!! Clueless . . . ?

Time: 6:00 P.M.

Date: June 12, 1986.

Place: The Quad . . . Los Altos High School

It was a dark and stormy night as the seniors queued to receive this year's annual. They strode about confidently, with expectations of 8 x 11's of themselves spanning the entire yearbook. Poised and somewhat smug, they arose upon the calling of their names to receive the consecrated book. Hands quivering and hearts racing, they parted the cover from the freshly pressed pages. Suddenly . . . a look of shock and utter disillusionment crossed their faces as they viewed the disgusting contents. Students and teachers alike recoiled from the horrendous apparition that appeared before them. Who could have masterminded such a heinous and cruel act, one that surpassed even the horrors of Auschwitz and four years of Jimmy Carter? Groups of vigilantes combed the campus, and school unity reached its peak in the condemnation of the perpetrators of this . . . this crime against humanity. More international indignation arose at this time than at any other since the Nuremburg Trials of 1946. Such a barbarous act could not have been executed by only one man; it could only have been carried out by a clique of idle and arrogant rich scum, in a well-orchestrated effort. Inspector Stacie Newman swore that she would hunt down every last one . . . and give them B's for the semester. She started from just one lead and found intertwining associations that just couldn't be overlooked — associations that led directly to the veritable aristocracy of the social elite of Los Altos. . .

ABOVE: One can easily see from the bloated cover that rigor mortis has set into the 1986 Aerie.

The Perpetrators . . .

Roy Maydan — the rock star/sex symbol whose every action was followed by his millions of female fans. *Kim Austin* — the 60's music revivalist whose small record store in the fashionable part of town was frequented by the social elite. *Don Marek* — a former Miami undercover cop whose flaming ambition made him a smuggler on the Keys; his little black book told all.

Dave Ratner — the soldier of fortune who amassed millions of dollars toppling Banana Republics.

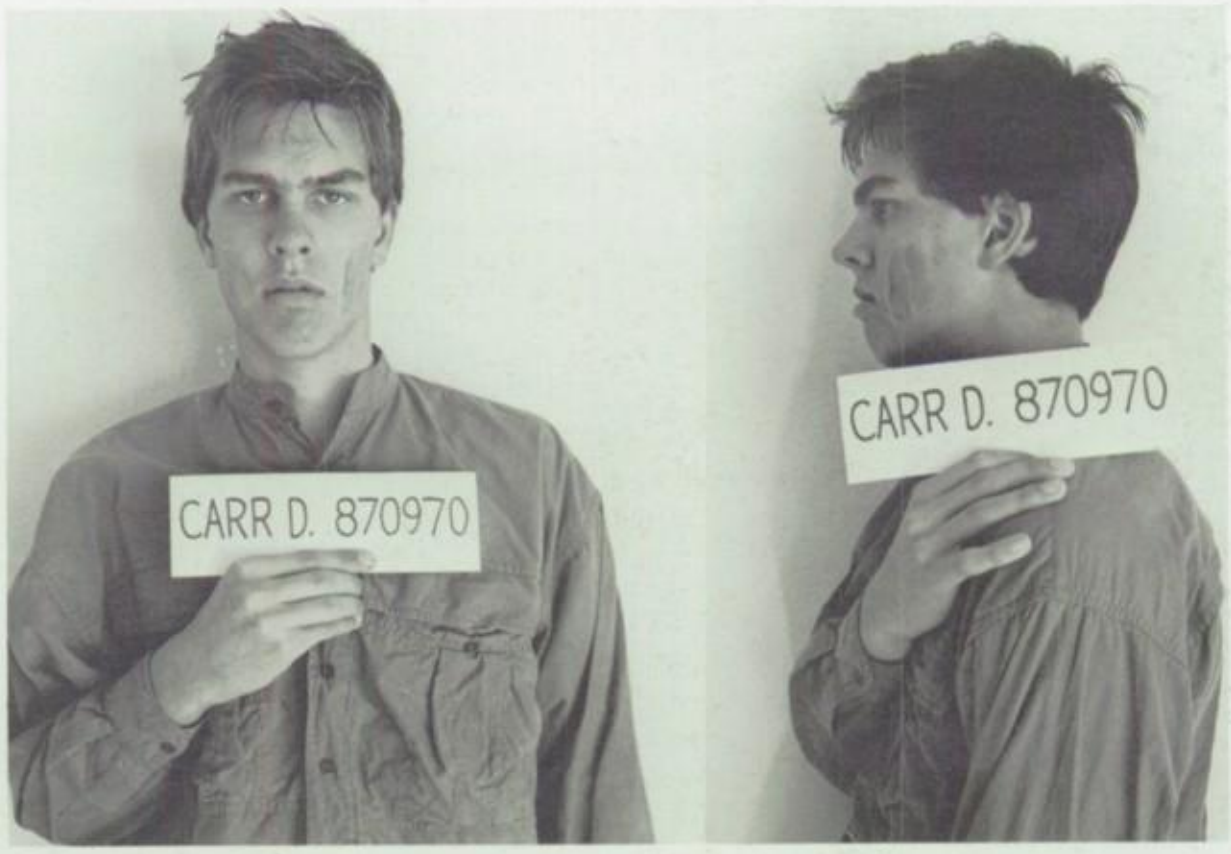
Ted Lee — the badminton professional who played other games on the side. *Jenny Corrigan* — Chris' tennis partner; she knew too much of his shady undertakings. *Chris Cummings* — the spoiled, rich playboy who spent his idle moments on the tennis circuit.

Julieanne Kost — the winner of the Ann Jillian Look-Alike Contest who yearned for a better life.

Stu Elefant — the bartender of the Cafe a la Carte; for the price of a margarita, you could get some sound advice on marriage, sports, even murder. *Rhea Gossett* — she sang, danced, and did other things for clients at the Cafe a la Carte. *Tamie Zrecny* — the Assistant D.A. turned crooked politician; she was an old regular at the Cafe a la Carte.

Hubert Dubrulle — a frustrated hack writer who found inspiration in a bottle and turned out a Harlequin novel every day.

Ken Gould — the young idealist whose life would be changed forever by this crime. *Joost Bonsen* — the neurosurgeon who, in spite of his marked organizational talents, made some deadly mistakes. *Alice Wu* — Professor of Dianetics at the L. Ron Hubbard School of Mental Health; she deciphered everyone's subliminal inhibitions.



Dave Carr — a habitual extortionist; he had spent one half of his adult life behind bars.

The characters and events portrayed are purely fictional. Any similarities to actual people and occurrences are entirely coincidental.

Gail Mohr — a defector from the East German Volleyball Team; she mingled with the social elite.

Tarah "Alvin" Smith — a rich, sophisticated socialite; she had a lot to hide, such as a failed recording career. *Kay Shultz* — Tarah's maid and confidante; she had secrets men would kill for. *Irby Lovette* — the phony-accented English butler who would do anything for cold hard cash.

Jessica Schwedner — the model with a smile; she had something every man wanted. *Steve Lin* — a fashion photographer who knew what he liked.

Inspector Stacie Newman — out of the 13th Precinct Station; she packed a .177 Magnum, hoping to use it against the perpetrators of this heinous, ungodly act.

Kara Morley — an old spinster who ran the show; she vowed she would never get caught. *Beth Kenny* — Kara's silent niece who claimed she knew nothing.

Manny-

Um so happy I met you! You are so great - really fun to be around! I still don't know you hardly as well as I want to. We should really go and party together. You are such a cool guy - it's amazing! So so nice!!! Oh well, give me a call, okay? (948-1708)

Love Always,
Danica

Manny-
You're so cool - but I have stayed at school you better be sure I missed you. You won't forgive you next year. I won't if you aren't. Take care I'll call you soon. Have a totally rad summer. Love you -
Danica
Call me if you can - 948-7698

Hi Manny,
Its too bad you left Los Altos & We never got to be better friends.
But you've always been a real sweetheart.
Have a great summer & keep partyin.'
See ya

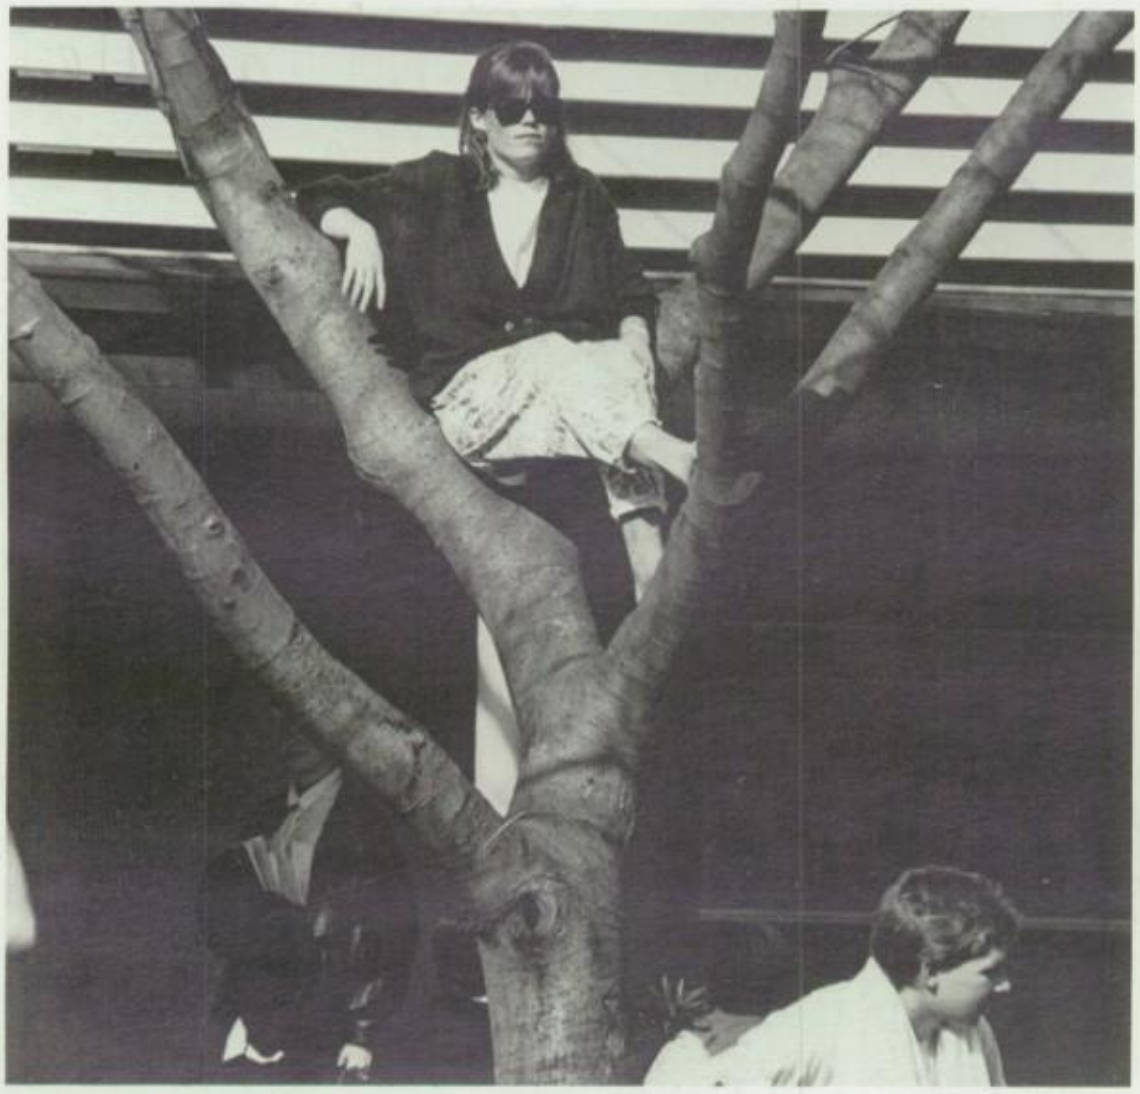
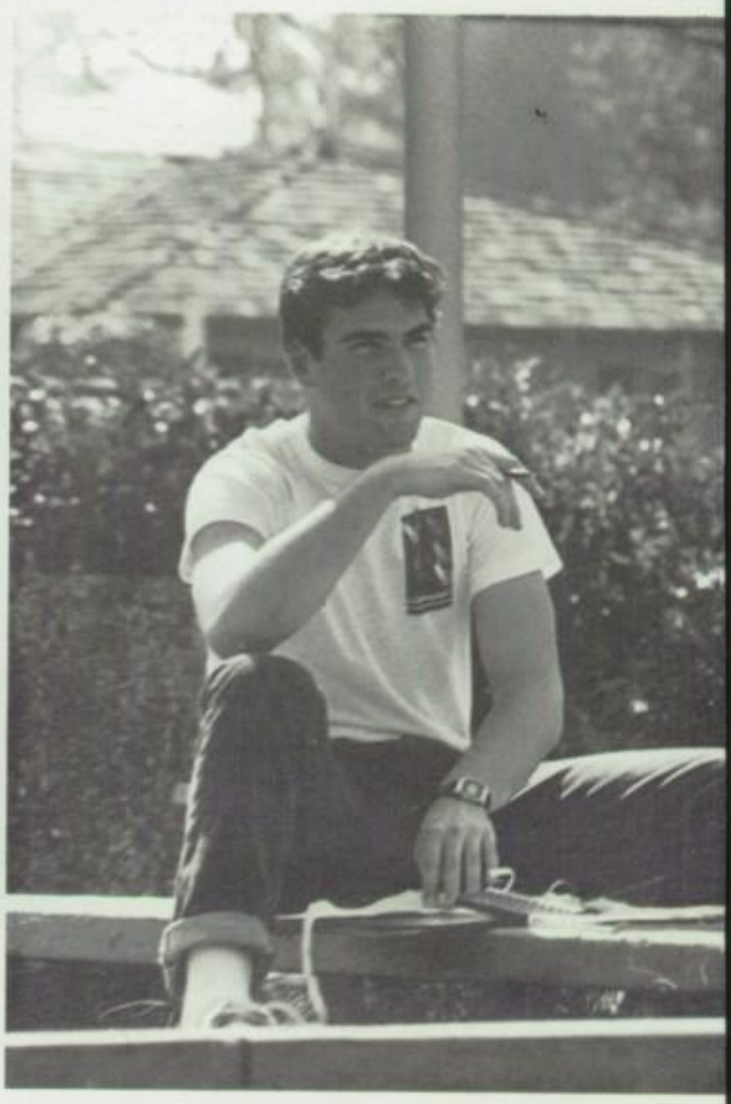
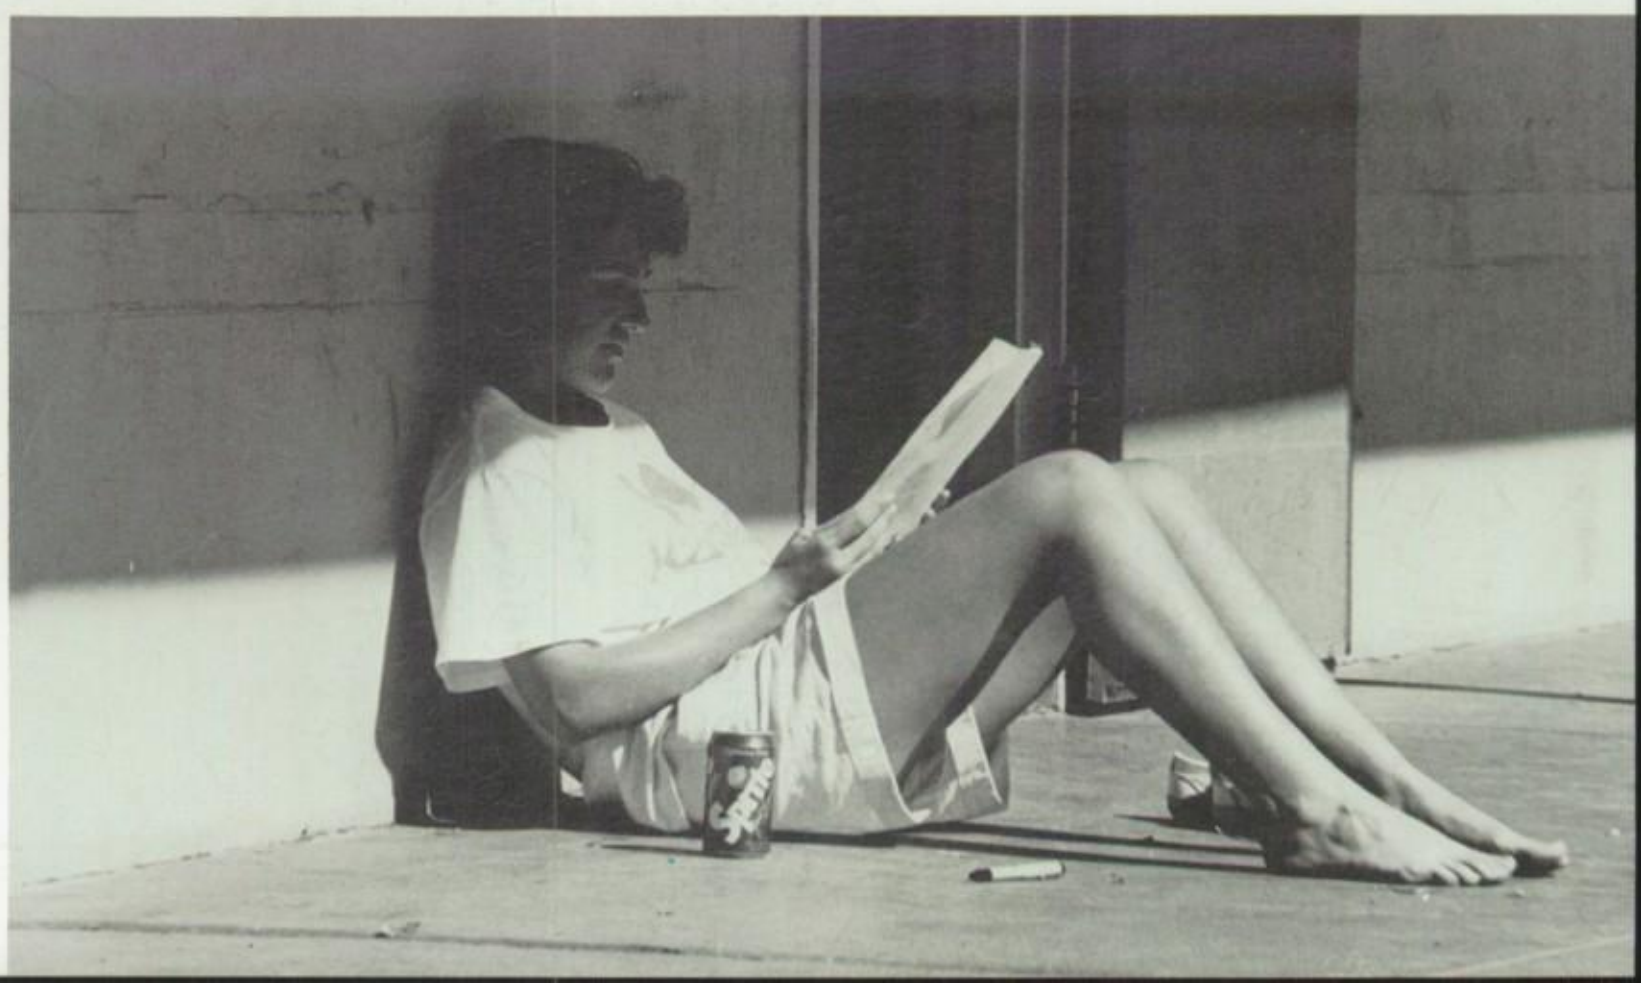
What A Difference This Year Has Made

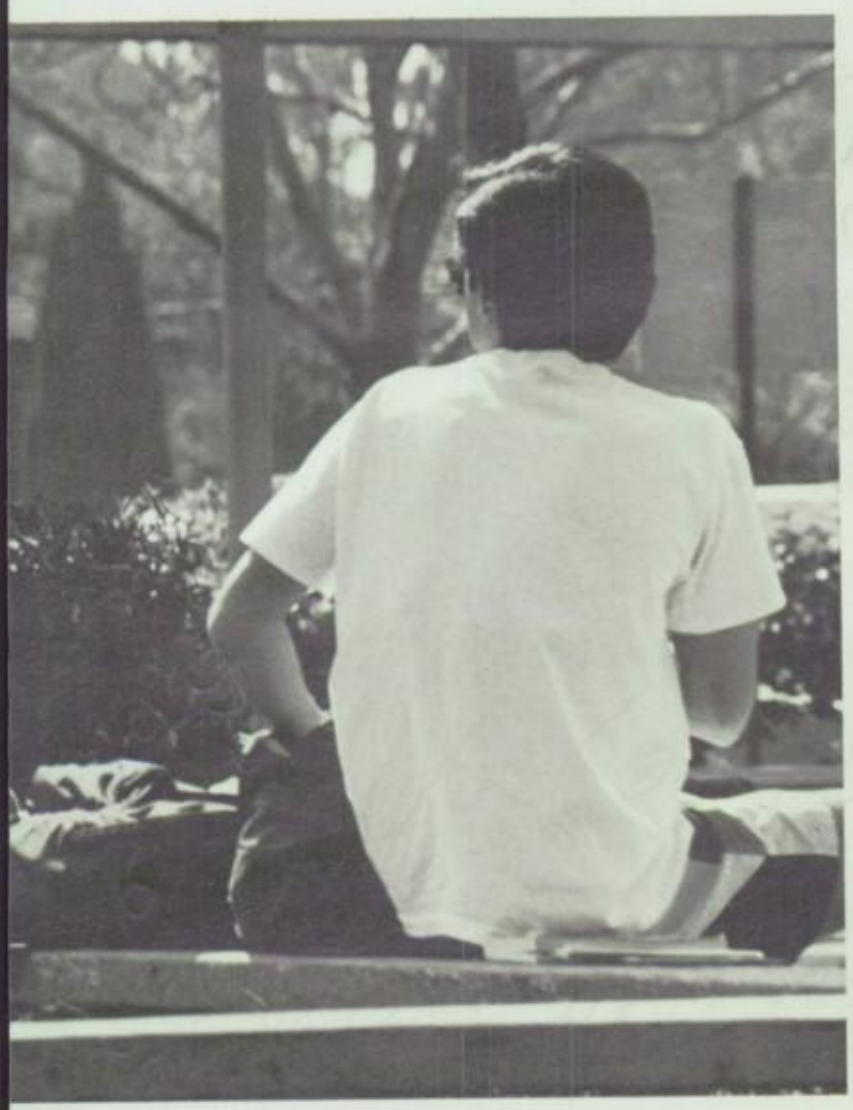


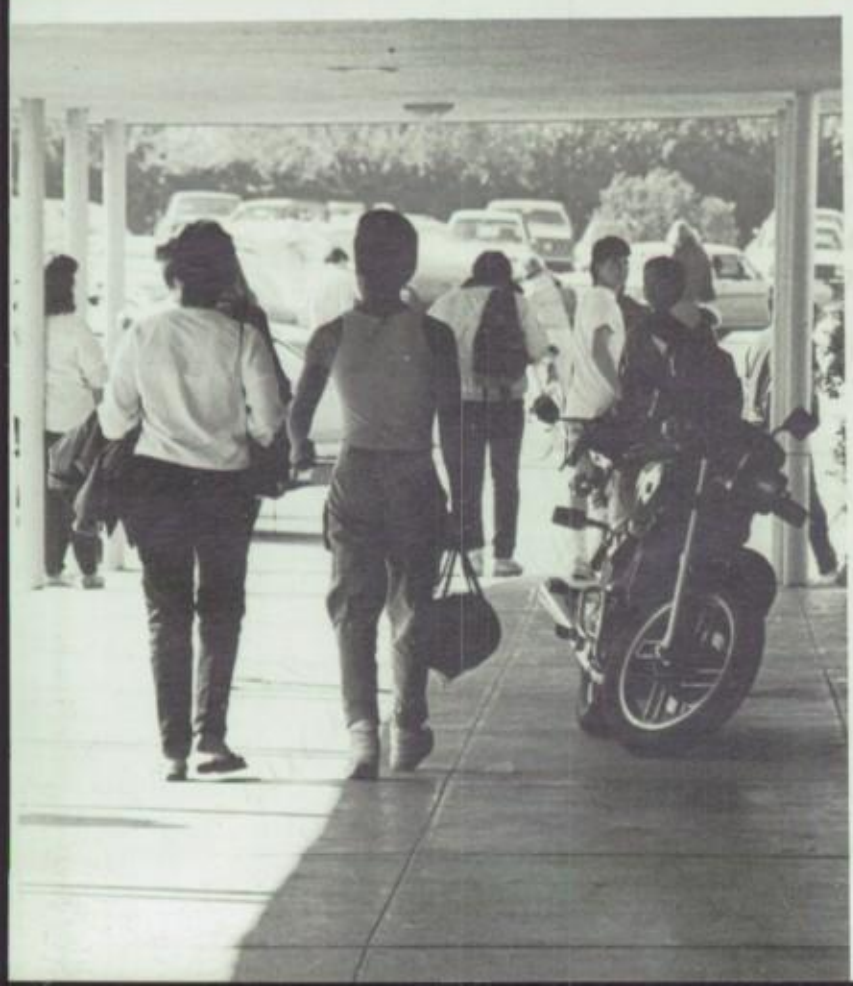




441-6038

Dear Manny—
I'm glad I met you this year, Or was it last year?
Well anyways, were Seniors now. Too bad you
left Los Altos but you'll be back. Have a wonderful
Summer and Take Care! Love Always
Shahler





Left to Right: Jackie Moser observes L.A. life from a new height. Alan Shapiro and Jim Nam discuss a crucial Physics lab. Mike Taylor prepares for a long ride home. Meredith Jones finds a quiet place in the sun. At the end of another tiring day, Los Altos students escape to the parking lot.

[redacted] Manny,
I really didn't get to talk
to you as much as a would of
liked to. Anyway your a
P.S. remember our Mud FB game sweet person & a good friend.
Maybe will have Tri
with each other next year
Have a great Summer.
Love, Chris

Mommy,
All of a sudden I was walking down the hall (during the day) when I heard the sweetest voice call my name. It was Mommy! I was trying to say something for you but I couldn't. I just wanted to say I'm sorry I missed you at the end of the year! Yours is funny. I hope I get a chance to talk to you next year! I LOVE U! Call me - 9418-9174

Love always -
Michelle Berry (:

Mommy -
Hey! I can't believe you're gone from here, that's not fair. I wanted to get to know people. See ya this Summer.
Love,
Kay'L

Well, love
I've missed you
alot these past
couple months and
I'm really glad your home
again. :) You are an important
part of my Life and have given
me a lot of friendship and love, for this
which I could never repay you. I'm glad
summer is going to be full for me,
:) be juggling 2 jobs, school, Fair and
just Plain Living. Should be fun to juggle
all of it, At least I won't get Bored!
Right?! Will do a lot this Summer —
Beaches, etc — I Love you Manny —
Don't ever forget that of me! CAT!
Love-Me:)
(Michelle)

P.S. Thanks for your BIRTHDAY
present. I'm gonna miss them
gonna miss summer so much
I'll have you all have a
summer-out d48-6118
please can come visit
them. OK! I'll keep it
cool! BYE-BYE-BYE-
love ya-
Dyan

hi again
Dyan

I can't forget to
call me back!

Hey Manny,
what's happening?
Even though this year was messed up, we still had fun. I'm glad we became friends. I know we were going to have this summer. How is school we are so swimming at my house? Congratulation on your good grades in carrying you better do same next year. We're going to have a cool class with Michelle whatever that is. Anyway, I'll miss you this summer. Good luck and city at a get together.

Your friend always,
Kev '87

Manny,
You suck.
So did Chem.
I'll see you
at the beach or
party or maybe a
reunion of the two
Later,
Gallo

Why? Did you leave mar well visit us lots and lots and lots

Thanx for mar

Jenny

Manny - I'm sad we didn't have more classes together this year. Biology last year was funny. I'm glad I got to see you one last time before I leave here. Hey - for you to remember - DA ME CABEZA ♡ ya Cath

Manny - Well, it's over! We've finally made it. We are SENIORS! I am so glad we got to know each other. Too bad I haven't seen ya these last couple of months. But I hope to see ya next year. Right. I heard this terrible rumor yar moving. It can't be true! Have an absolutely super summer. Don't get into too much trouble. Call me - 965-3126! See ya soon!

Love you,
Leslie.

P.S. always stay the sweet, kind, terrific person you are!

Many good times had by all. Where did you go? Who'd you get to go with? Well, I'm off to Europe for the summer. Um, I met a guy and um, I'm in love. Um, call me. Um, I'll be back. Anyway, have a great summer.

Love,
Jen
